Thoughtful and sometimes critical entries make this informative publication an entertaining read for anyone interested in contemporary art.

Top Secrets for Beautiful Pastel Paintings Richard McKinley has been a professional artist for over 35 years. Factor in nearly as many years of teaching experience, and that adds up to a whole lot of know-how to share. In Pastel Pointers, he lays it all out: information on tools, materials, color, composition, landscape elements, finishes and more. • Compiles the best of McKinley's popular Pastel Pointers blog and Pastel Journal columns • Covers frequently asked questions ("How do I achieve natural-looking greens?") and simple solutions to common problems, such as excess pigment buildup • Includes a chapter on "The Business of Pastels"—tips for framing, shipping, preparing for gallery shows, and otherwise representing your work in a professional manner This book covers everything from the fundamentals to get you going (how to lay out your palette, create an underpainting, evoke luminous effects) to inspirations that will keep you growing (plein air painting, working in a series, keeping a painting journal). Whether you're a beginner or an experienced painter anxious to explore the expressive possibilities of pastel, this is your guide to making the most of the medium.

The Secrets of Art offers a fresh encounter with familiar works of art, revealing untold stories, hidden meanings and surprising revelations hidden beneath the surface

Litsa Spanos knows a thing or a thousand about making it in the art world. She's been a successful gallery owner for twenty-five years and has sold millions of dollars in original art and watched unknown artists, grow, flourish, and succeed. She has literally seen it all. And then some. And she has some insider secrets to share. (Okay, more like lots of them.) She believes that every artist should have the same opportunity to succeed and she wants to help as many artists as she can, while she can. So she put together an inspiring and informative book that will help the emerging artist, the mid-career artist, and the thriving or successful artist in equal measure. In this book you'll find everything you need to help you succeed. You'll also hear from other artists, gallery owners, tradeshow executives, and many more on what they think is the key to their success.

Listen closely...can you hear it? Can you hear the voices? Thoughts, insights, confessions from the creative community sharing ideas, trading secrets, venting frustrations; asking and answering questions such as, "What color rarely shows up in your work?" or "How do you express vulnerability in you art?" Or "What is one current trend that you wish would go away?" As artists, we are curious by nature and there is a longing to see inside the hearts and minds of artistic souls of our own kind. That is the beat of our lives—the Pulse of Mixed Media! In this book—a complex survey of artists around the globe—there is much for you to discover. • Visual insights: Many questions are answered not only in words, but often through visual art, and include self-portraits from 31 spotlight artists such as Pam Carriker, Danny Gregory and Judy Wise. • A diverse sampling of provocative questions: Over 100 artists share their thoughts on everything from color, media and tools, to emotions, secrets and self-revelations • Insightful sidebar statistics: Data from thousands of participants collected through polls on the author's blog reveal a remarkable analysis of the creative community at large Indulge your inner voyeur and soak up some inspiration with The Pulse of Mixed Media today!

What are the keys to success? Scientists have studied the traits, beliefs, and practices of successful people in all walks of life. But the answers they find wind up in stuffy academic journals aimed at other scientists. The 100 Simple Secrets of Successful People takes the best and most important research results from over a thousand studies and spells out the key findings in ways we can all understand. Each entry contains advice based on those findings, a real life example of what to do or not to do, and a telling statistic based on scientific research.

Two years after the plane crash that had killed her husband, Annabelle Murphy has come to terms with her grief and has found solace in her two children, until the discovery of the wreckage reveals that her husband had died with another woman at his side, and she comes to dolphin researcher Sophie Parker, a friend of the female victim, to find answers. Original.

Scientists and academics have spent entire careers investigating what makes people happy. But hidden in obscure scholarly journals and reports, their research is all too often inaccessible to ordinary people. Now the bestselling author of the 100 Simple Secrets series distills the scientific findings of over a thousand of the most important studies on happiness into easy-to-digest nuggets of advice. Each of the hundred practices is illustrated with a clear example and illuminated by a straightforward explanation of the science behind it to show you how to transform a ho-hum existence into a full and happy life. Believe in yourself. Across all ages, and all groups, a solid belief in one's own abilities increases life satisfaction by about 40 percent, and makes us happier both in our home lives and in our work lives. Turn off your TV: Watching too much TV can triple our hunger for more possessions, while reducing our personal contentment by about 5 percent for every hour a day we watch.

Mixed media or mystery? There's a secret to understanding the mystery behind the hidden message in a work of mixed-media art. As Seth Apter knows, if you can get to know the artist, you will get to know the art. The Mixed Media Artist unlocks this mystery and provides an intimate look into the hearts, souls and creative processes of over 40 inspiring artists. Surprising self-portraits, innermost self-reflections and practical art-making tutorials are just some of the keys you'll find here to unlocking the door to a greater understanding of how and why art is made. Helpful how-tos: Throughout each section, artists share favorite tools, secret ingredients and step-by-step processes that go beyond the who to provide the how. 44 artists share creative perspectives and intimate thoughts: Provocative questions are answered not only in words, but multiple times as art, spotlighting the forces that make the art and the artists what and who they are. Compelling poll data: Answers collected from thousands of individuals reveal statistical insights on the creative community at large. Additional online content: Links to downloads, tutorials, videos and more are sprinkled throughout the book. Immerse yourself in the creative words and works of The Mixed Media Artist and get to know the artist behind your own art!

AMANDA is 62 pages with many fully illustrated pages, including faerie depictions, some lively animal interaction, and a positive reaffirming life lesson. Amanda is for every child who is sometimes sad. This is a fairy tale created in the traditional art we have all come to love. Neither Amanda's family nor any other villagers of Lataba, except for the animals, have ever really understood Amanda. Whenever she talks, words just seem to come out all wrong. Life just muddles along until one day, when Amanda becomes inexplicably sad. So sad, in fact, that life all around Amanda starts to deteriorate. What is a village to do? Do they even know there is a connection between Amanda and what is happening in and around their otherwise happy village? Stephen, a traveler, thinks he can help, but can he? Are the animals the only creatures in the forest listening to Amanda? There are so many questions, but only one simple answer to this mystery. Who holds the answer? AMANDA is full of educational bonuses. There are 38 illustrations as a means of comprehension reinforcement, as well as entertainment. Some of the language is challenging, and rather than sacrificing the traditional art, there are 'meanings' footnotes. The book also contains background on faeries and fairy tales within folklore. There is also a section designed for faerie identification.
