The first book in the New York Times bestselling series that inspired the hit CW television show. No one has set foot on Earth in centuries -- until now. Ever since a devastating nuclear war, humanity has lived on spaceships far above Earth's radioactive surface. Now, one hundred juvenile delinquents -- considered expendable by society -- are being sent on a dangerous mission: to recolonize the planet. It could be their second chance at life...or it could be a suicide mission. CLARKE was arrested for treason, though she's haunted by the memory of what she really did. WELLS, the chancellor's son, came to Earth for the girl he loves -- but will she ever forgive him? Reckless BELLAMY fought his way onto the transport pod to protect his sister, the other half of the only pair of siblings in the universe. And GLASS managed to escape back onto the ship, only to find that life there is just as dangerous as she feared it would be on Earth. Confronted with a savage land and haunted by secrets from their pasts, the hundred must fight to survive. They were never meant to be heroes, but they may be mankind's last hope.

In this sexy, pulse-pounding new duology by New York Times bestselling author Rachel Vincent, a decadent spring break beach getaway becomes a terrifying survival story when six Miami teens are kidnapped. Maddie is beyond done with her cousin Genesis's entitled and shallow entourage. Genesis is so over Miami's predictable social scene with its velvet ropes, petty power plays, and backstabbing boyfriends. While Maddie craves family time for spring break, Genesis seeks novelty--like a last-minute getaway to an untouched beach in Colombia. And when Genesis wants something, it happens. But paradise has its price. Dragged from their tents under the cover of dark, Genesis, Maddie, and their friends are kidnapped and held for ransom deep inside the jungle--with no diva left behind. It all feels so random to everyone except Genesis. She knows they were targeted for a reason. And that reason is her. Now, as the hours count down, only one thing's for certain: If the Miami hostages can't thwart their captors' plan, no one will make it out alive. Tapping into our darkest fears while exploring issues of injustice, loss, and the courage to fight for what matters most, this thrilling read is perfect for fans of Nova Ren Suma, Becca Fitzpatrick, and Jennifer L. Armentrout.

A book of magic tricks for a younger audience.
