Supports 1990 To ...

1990-1993 Acura Integra. The standard type of alarm install you get when you pay a professional to install your alarm just isn't effective. In order for an alarm to be effective, the control unit must be invisible and undetectable, the siren must be hidden and inaccessible, all wiring should be concealed in split loom, the alarm should have its own backup battery, and the alarm must be able to detect all types of intrusion.
