passenger side. It happens when you start up from a stop, and it sounds like a slight popping noise or rubbing noise. It does not make the noise in the morning when cold outside, but does in the afternoon when warmed up. I have had it to the dealer

Download Ebook 2005

And the first time they said they could not hear the noise to determine the cause, I took the service consultant on a ride and within one block we heard the noise.

SOLVED: My 2005 Acura TL has a noise on the front - Fixya

Download Ebook 2005

Had a TL just like
that come into the
shop the other day
with a similar noise,
ended up being the
spark plug, some
how it was causing
a weird noise in one
cylinder in the back.
I'd pull the plugs
and just check.
Then try and see if
it goes away, you
also need to figure

Download Ebook 2005

out if the sound is coming from the bottom end or the top by the valves.
