This ILT Series course covers the basic skills and concepts students need to use Microsoft Word 2013 productively and efficiently. After an introduction to Word's window components, students will learn how to create and save documents and how to navigate documents. Then they will edit, copy and paste, and find and replace text. They will also learn how to enhance the appearance of a document by using various formatting options. In addition, they will create tables, adjust page layout, work with graphics, use styles and outlines, and proof and print documents. The Axzo Edition of this course focuses solely on the skills real users need to be productive immediately in Microsoft Word. We've listened carefully to customer feedback on the content, and
