A guide to buying a used car or minivan features information on the strengths and weaknesses of each model, a safety summary, recalls, warranties, and service tips.

Canada's automotive "Dr. Phil" says there's never been a better time to buy a new car or truck. For deals on wheels, 2013 will be a "perfect storm." There's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar, a worldwide recession driving prices downward, and a more competitive Japanese auto industry that's still reeling from a series of natural disasters. In addition to lower prices and more choices, 2013 car buyers will see more generous cash rebates, low financing rates, bargain leases, and free auto maintenance programs. Buy, sell, or hold? Which cars and trucks are "wallet-friendly" and can easily last 15 years? Which vehicles offer the most features to best accommodate senior drivers? Do ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers? Is GM's 2013 Volt electric car destined to become an electric Edsel? These questions and more are answered in this informative guide.

This is an automotive maintenance and repair manual for the VW Beetle vehicles. The book is suitable for the DIY mechanic.

Every Haynes manual is based on a complete teardown and rebuild, contains hundreds of "hands-on" photos tied to step-by-step instructions, and is thorough enough to help anyone from a do-it-your-selfer to a professional.

This book covers the background, conception, design, production and aftermath of the iconic Ferrari 288 GTO, including the prototypes, the early production cars, the mainstream production cars in their various specification guises, and the Evolution cars planned for the aborted Group B FIA race series. It features over 400 relevant photographs, from original production images to the cars as they are today, including the 1984 Geneva Salon where the car debuted, the first ever GTO Reunion in 1985, current salon and action images, right up to the 25th Anniversary Ferrari 288 GTO Reunion held in America in 2009. Also featured are the actual factory production approval sheets, as filed with the Italian government, in an illustrated technical drawing form, along with a chassis by chassis register of every 288 GTO built, including destroyed prototypes, production cars, and GTO Evoluciones -- in fact all 284 cars ever built.

This book steers buyers through the the confusion and anxiety of new and used vehicle purchases unlike any other car-and-truck book on the market. "Dr. Phil," Canada's best-known automotive expert for more than forty-five years, pulls no punches. Rereffects the stories, revisits the settings and reveals the characters involved in what have been some of the most thrilling and iconic motor races between 1935 and 2011. Featuring such greats as Tazio Nuvolari, Stirling Moss, Juan Fangio, and James Hunt, to name just a few, the book also includes fan photos and memorabilia collected during the era, and personal experiences of many of these great events.

This is the first and only account of the Chequered Flag race team and its charismatic founder, Graham Warner. It charts the highs and lows, the victories and losses, and features interviews with the man himself and and several star drivers of the 1960s and '70s. Accompanied by 150 photographs, many previously unpublished, plus a look at Graham's subsequent career as a fighter aircraft expert and restorer, this is a unique story of a fascinating life in motorsport.
