24hoursnwers is not your ordinary writing service. Scratch that – 24 hour answers is not even a writing service. This is a tutoring website and a rather peculiar one. They provide academic help, but not the kind we're used to. They won't write your papers. Apparently, this isn't the place you go to for paper writing and projects.

Math for Healthcare Professionals: Dosage Calculations and Fundamentals of Medication Administration builds upon a student's existing basic math skills and teaches them the more complex solving calculations that are representative of today's healthcare practice. The foundation for learning to calculate dosages and intravenous administration will be based on the ratio and proportion model, which also adapts to the dimensional Analysis method--an increasingly popular method as dosage calculations are universalized. Math for Healthcare Professionals contains diagnostic test questions at the beginning of each chapter, sample questions throughout each chapter, and diagnostic test questions at the end of the each chapter to analyze proficiency of that subject matter. The print book includes a CD-ROM with additional practice questions.

A guide to the Web programming technology covers implementation in C and Perl, customizing existing programs, and writing CGI scripts for survey forms, interactive games, order forms, search tools, and guest books.
