Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

One of the world's leading social theorists provides a monumental synthesis of Japanese history, religion, culture, and social organization. Equipped with a thorough command of the subject, S. N. Eisenstadt focuses on the non-ideological character of Japanese civilization as well as its infinite capacity to recreate community through an ongoing past.

For nearly three decades Japanese Culture has garnered high praise as

## Where To Download A Brief History Japanese Civilization

an accurate and well-written introduction to Japanese history and culture. This widely used undergraduate text is now available in a new edition. Thoroughly updated, the fourth edition includes expanded sections on numerous topics, among which are samurai values, Zen Buddhism, the tea ceremony, Confucianism in the Tokugawa period, the story of the forty-seven ronin, Mito scholarship in the early nineteenth century, and mass culture and comics in contemporary times.

Japan, the country of the rising sun, is today known as one of the most prosperous and technologically advanced nations despite not having many natural resources. This guide will lead you into that dive, showing how those characteristics synonymous with the Japanese civilization gradually appeared, formed, and transformed through time.

Explains the structure of the feudal society, describes the rise of economic life and tells of the impact of Commodore Perry's arrival in 1853. Bibliographical notes

Japan: History and Culture from Classical to Cool provides a historical account of Japan's elite and popular cultures from premodern to modern periods. Drawing on the most up-to-date scholarship across numerous disciplines, Nancy K. Stalker presents the key historical themes, cultural trends, and religious developments throughout Japanese history. Focusing on everyday life and ordinary consumption, this is the first textbook of its kind to explore both imperial and colonial culture and offer expanded content on issues pertaining to gender and sexuality. Organized into fourteen chronological and thematic chapters, this text explores some of the most notable and engaging aspects of Japanese life and is well suited for undergraduate classroom use.
