--New Scientist "Meera Subramanian's A River Runs Again tells five tales of India at the crossroads - a filigree of cautionary and celebratory stories - voiced with dignified passion...Subramanian navigates these rough waters between baneful emergencies and precarious signs of enlightened attitudes with the right degree of cautious optimism."

**A River Runs Again-India's Natural World in Crisis, from**---

A River Runs Again is a highly important book. Meera Subramanian writes five tales of environmental woe, exploring India's environmental problems through each of the five elements of Hinduism. The tales that Subramanian weaves are informative, powerful, and tragic - but each is also touched with a tint of hope.

**A River Runs Again-India's Natural World in Crisis, from**---

In this lyrical exploration of life, loss, and survival, Meera Subramanian travels in search of the ordinary people and microenterprises determined to revive India's ravaged natural world: an engineer-turned-farmer brings organic food to Indian plates; villagers resuscitate a river run dry; cook stove designers persist on the quest for a smokeless fire; biologists bring vultures back from the brink of extinction; and in Bihar, one of India's most impoverished states, a bold young woman ...
