Listen to Agile Product Management Box Set: Product ...

Since agile programs are more fluid than traditional approaches, agile product management is a more flexible approach. One of the core concepts in agile is that the scope of a project is fluid, while resources stay the same. As such, in agile product management the team spends less time defining the product before hand, and is open to changes ...

Product and Solution Management - Scaled Agile Framework
The role of the Product Manager becomes even more vital as organizations embrace business agility. As organizations become more customer-centric, there is a need to better understand and relate to customers. Product discovery and product strategy are key to aligning your product with your organization ' s purpose and your customers ' needs.
