Reviews and rates the best recordings of country artists and groups, provides biographies of the artists, and charts the evolution of country music

In *Mind Searching* Nyamnjoh has attempted to do something rather clever - to expose, through the attitudes, feelings and thoughts of one man and a very simple story, the hypocrisy and corruption of Cameroon society and humanity in general, often using understatement and irony in good effect. The commentary is unremittingly cynical and returns again and again to corruption, callous squandering, exploitation, prostitution, and other fairly worn butts. The book depicts a society where basic freedoms are shackled, and thinking aloud treasonable. Hence the mental ramblings of the narrator and central character Judascious Fanda Yanda, in the form of an extended monologue full of observations, anecdotes and asides written from the point of view of an apparently insouciant naive. The basic method is to foreground the opinions and conversational elegance of the narrator, while having events going on as a background to his thoughts. We trace the narrator's progress from a disenchanting 'Damn de la Terre' to a comfortably well off Private Secretary to a Vice Minister over a number of years. It is a clear illustration of how the system perpetuates its mediocrity and buys off any spark of initiative. Nyamnjoh has a good command of ironic tone and sound control over form and structure. He employs a very fluent style, and often has very urbane and neat turns of phrase. He captures the bored, superior, cynical and ultimately predatory tone of voice of his narrator extremely well.

Fast becoming a classic music reference, this comprehensive and easy-to-use guide to 23,000-plus top recordings in 22 categories produced by more than 6,000 artists and groups. Arranged by genre, this guide covers classical, jazz, country, blues, pop, rock, folk, world beat, children's music, and more. 40 charts.
