EBOOK: Management Accounting, 6e

Management Accounting is written for students in international Business Management study programs. It covers the widely applied syllabus of Cost Accounting and Management Accounting at universities on bachelor's and master's level. The book is based on more than 20 years' academic teaching experience in Germany and at international universities in South Africa, Malaysia, China, the Netherlands and South Korea. In this text book, the application of methods and instruments comes first. Management Accounting follows a case study based approach. All cases are taken from previous exam papers and explained in detail. The text book starts with a case study of a manufacturing company and compares Financial Accounting to Management Accounting. It

careers as managers not accountants, Managerial Accounting, 6th edition by James Jiambalvo focuses on the fundamental topics of managerial accounting, and helps student make direction connections between techniques in the business world, and readers' future careers using real cases and real managers' comments on real company issues. Managerial Accounting, 6th edition helps students develop decision making through incremental analysis and stresses the fact that you Get What You Measure throughout the program. It is designed for a one semester managerial accounting course at both the undergraduate and MBA level.

This book deals comprehensively with the elements of cost accounting, their application to costing methods, and their significance for management through budgetary control, short term decision-making, and capital budgeting. It is an extensive revision of the author s well-known costing text, and provides the student with a complete introduction to cost accounting. Relevant exercises are included at the end of each chapter, with solutions at the end of the book. These include many from recent examinations of the major professional accountancy bodies. Teachers are thus able to use their own favourite examples in lecture or class, and to refer students to other exercises for further practice. Students who are unable to attend a regular course will be
