Anybody know where I can find the answer key to the quizzes for precalculus on Apex Learning? I don't really need to learn any of this since for my major in college I'm not going to have to take any of the basics (especially not in math), and quite frankly Apex does not really explain anything to me, and staring at a bunch of numbers on a screen is really starting to give me a headache.

This allows for a more focused approach, at first glance one of the obvious differences from a standard Pre-Calculus text is its size. This text was written as a prequel to the APEXCalculus series, a three-volume series on Calculus. This text is not intended to fully prepare students with all of the mathematical knowledge they need to tackle Calculus, rather it is designed to review mathematical concepts that are often stumbling blocks in the Calculus sequence.
