Macroeconomics in Context lays out the principles of macroeconomics in a manner that is thorough, up to date, and relevant to students. Like its counterpart, Microeconomics in Context, the book is attuned to economic realities--and it has a bargain price. The in Context books offer affordability, engaging treatment of high-interest topics from sustainability to financial crisis and rising inequality, and clear, straightforward presentation of economic theory. Policy issues are presented in context--historical, institutional, social, political, and ethical--and always with reference to human well-being.

Introduce the latest thinking of today's economists on important microeconomic phenomena while equipping your students with a solid global understanding of microeconomic principles with Boyes/Melvin's MICROECONOMICS, 9E. Now you can clearly illustrate the connections between key microeconomic principles and today's actual business practices with this book's reader-friendly approach, carefully integrated learning features, memorable examples, and unique global emphasis. Timely revisions and the latest microeconomic statistics ensure your course incorporates the
