More than 500 manuscripts came chasing the £20,000 prize for previously unpublished novelists, and ultimately it was split between two winners, Michael Logan and David Logan (no relation). The winning novels, *Apocalypse Cow* and *Half-Sick of Shadows* are more different than chalk and cheese, which at least are both high in calcium.

Bought both Apocalypse Cow books for boyfriend for Xmas. They arrived promptly and well packaged. With neither of us having read any Michael Logan before I wasn't sure what to expect, but he absolutely loved them and soon after I read them myself. Very funny books indeed, great for anyone who likes a zombie story.

the hands of three unlikely heroes including an abattoir worker who smells unpleasantly like his profession, a besotted teen vegan and an inept journalist. Original.

It began with a cow that just wouldn't die. Yep. That's right. They're still un-dead, and now the disease has spread to humans. The epidemic that transformed Britain's bovine population into a blood-thirsty, brain-grazing, zombie horde...err...zombie herd... is threatening to take over the globe in Michael Logan's World War Moo. And there's not much time left to stop it. All of Great Britain is infected and hungry. The rest of the world has a tough choice to make. Should they nuke the brits right off the map -- men, women, children, cows and all -- in the biggest genocide in history? Or should they risk global infection in a race against time to find a cure? With hungry zombies attempting to cross borders by plains, trains, boats, and any other form of transport available, it's only a matter of time before the virus gets out. And if it does, there's only one answer. This means war.

On the eve of Granny Hazel's burial in the back garden, a stranger in his time machine – a machine that bears an uncanny resemblance to a Morris Minor – visits five year-old Edward with a strange request. And Edward agrees to be his friend. But Edward is not alone in the world. His twin sister Sophia is about to bring future tragedy upon herself through an all-too-literal misunderstanding of a promise she's made to their father. So while Sophia stays at home, seemingly condemned to spend the rest of her days in The Manse – a world untouched by modern trappings – Edward is sent to boarding school. There he encounters the kind and the not-so-kind, and meets the strangest child. His name is Alf, and Alf is a boy whose very

existence would seem to hint at universes of unlimited possibilities...and who might one day help Edward liberate Sophia. With its Gothic backdrop, *Half-Sick of Shadows* is a novel of many parts: at once a comical tragedy, a dark and dazzlingly told tale of childhood wonder and dismay, of familial dysfunction, of poetry, the imagination and theoretical physics.

Kat Murphy is a private detective tortured by demons. Real ones. She is serving a death sentence in Lost Angeles, the dark and depraved city in Hell where a beast known as a Torment forces her to relive, night after night, the moment she killed her lover and put a bullet in her own skull. Kat longs to make amends for her sins. So when the city's Chief Administrator hires her to retrieve a stolen box with a mysterious power, offering to call off her Torment in return, she gets the chance to do just that. But if Kat has learned one thing, it's that every case has a wrinkle. As she trawls drug dens, casinos, and fighting pits in search of the thief, she discovers that both box and city contain secrets darker than she could ever have imagined. And with time running out, Kat must choose between her own desire for peace and the fate of the world above in *Hell's Detective*, the electrifying new mystery from award-winning author Michael Logan.

In the underground city of Caverna, the world's most skilled craftsmen toil in the darkness to create delicacies beyond compare—wines that remove memories, cheeses that make you hallucinate, and perfumes that convince you to trust the wearer, even as they slit your throat. On the surface, the people of Caverna seem ordinary, except for one thing: their faces are as blank as untouched snow. Expressions must be learned, and only the famous Facesmiths can

teach a person to express (or fake) joy, despair, or fear—at a steep price. Into this dark and distrustful world comes Neverfell, a girl with no memory of her past and a face so terrifying to those around her that she must wear a mask at all times. Neverfell's expressions are as varied and dynamic as those of the most skilled Facesmiths, except hers are entirely genuine. And that makes her very dangerous indeed . . .

Marty Strauss, a gambling addict recently released from prison, is hired to be the personal bodyguard of Joseph Whitehead, one of the wealthiest men in the world. The job proves more complicated and dangerous than he thought, however, as Marty soon gets caught up in a series of supernatural events involving Whitehead, his daughter (who is a heroin addict), and a devilish man named Mamouliau, with whom Whitehead made a Faustian bargain many years earlier, during World War II. As time passes, Mamouliau haunts Whitehead using his supernatural powers (such as the ability to raise the dead), urging him to complete his pact with him. Eventually Whitehead decides to escape his fate after a few encounters with Mamouliau and having his wife, former bodyguard, and now his daughter Carys taken away from him. With hope still left to save Carys, Marty Strauss, although reluctant to get involved in the old man Whitehead's deserved punishment, decides to get involved and attempt to save the innocent gifted addict from being another victim to the damnation game

So when she one day climbs through his window and summons him on an all-night road trip of revenge he cannot help but follow. But the next day Margo doesn't come to school and a week later she is still missing. Q soon learns that there are clues in her disappearance . . . and they are for him. But as he gets deeper into the mystery - culminating in another awesome road trip across America - he becomes less sure of who and what he is looking for. Masterfully written by John Green, this is a thoughtful, insightful and hilarious coming-of-age story.

The search for the author's identity takes Yarnspinner to Bookholm—the so-called City of Dreaming Books. On entering its streets, our hero feels as if he has opened the door of a gigantic second-hand bookshop. His nostrils are assailed by clouds of book dust, the stimulating scent of ancient leather, and the tang of printer's ink. Soon, though, Yarnspinner falls into the clutches of the city's evil genius, Pfistomel Smyke, who treacherously maroons him in the labyrinthine catacombs underneath the city, where reading books can be genuinely dangerous. In *The City of Dreaming Books*, Walter Moers transports us to a magical world where reading is a remarkable adventure. Only those intrepid souls who are prepared to join Yarnspinner on his perilous journey should read this book. We wish the rest of you a long, safe, unutterably dull and boring life!

From a farmer at war with Nature's creatures, to dangerous doings when the henhouse goes on-line, to the hazards of keeping company with a book wyrm, here are ingenious tales that will make readers laugh or cry?or double-check to make sure that their windows and doors are firmly locked against the things that prowl the night.
