The B6 & B7 S4 4.2 liter engine utilizes a chain driven timing system which is located on the backside of the engine facing the firewall. So, service position on a B6/B7 S4 does not mean just removing the front clip, it requires engine removal unlike the older 4.2L V8 's found in the A8, A6 etc. A question you might ask is: If this car doesn ' t have a timing belt, doesn ' t the chain mean this is maintenance free?

The overnight success of the 'Hoodride' phenomenon inspired a generation of car fanatics, who couldn't afford to restore a car to show condition but still wanted a good looking cool car. At last, you could be cool and stand out from the crowd on the tiniest of budgets. The look of the cars that resulted was often so honest, unspoiled and characterful, that it began to inspire the media; even Hollywood movie stars and celebrities. Whilst this has undoubtedly resulted in increased car values, and turned a brand of cars that had always been a cheap, honest mode of transportation into something cool with a high price tag, the generation it initially inspired has grown with the hobby, embracing the rising prices, finding ways to still be cool on a tight budget and producing a micro-industry that still manages to embrace the 'built not bought' ethos. Patina Volkwagens, superbly illustrated with stunning colour photographs, takes an inside look at some of the key car builders, dealers, clubs and hobbyists, as well as the different styles of build, meaning every single car has a style all of its own.

Walk step-by-step through the early stages of making and connecting your own things to the Internet. Once confident with the tools and techniques introduced in this practical book, the number and size of projects are only limited by your imagination. Not only are these techniques and tools ideal for making hobby projects and prototypes, but they can be and are used in industry. For example, a theme park in the UK uses them to control their interactive animatronic dinosaurs. Each section in this book includes projects that allow you to gain experience and confidence with every step, along with real world examples of how they have been used."
