Aligned with NCTM standards and focal points, this resource offers ready-to-use lessons that include brain-compatible math activities, step-by-step instructions for the teacher, and all the necessary reproducibles.

Detailed plans for helping elementary students experience deep mathematical learning Do you work tirelessly to make your math lessons meaningful, challenging, accessible, and engaging? Do you spend hours you don't have searching for, adapting, and creating tasks to provide rich experiences for your students that supplement your mathematics curriculum? Help has arrived! Classroom Ready-Rich Math Tasks for Grades K-1 details 56 research- and standards-aligned, high-cognitive-demand tasks that will have your students doing deep-problem-based learning. These ready-to-implement, engaging tasks connect skills, concepts and practices, while encouraging students to reason, problem-solve, discuss, explore multiple solution pathways, connect multiple representations, and justify their thinking. They help students monitor their own thinking and connect the mathematics they know to new situations. In other words, these tasks allow students to truly do mathematics! Written with a strengths-based lens and an attentiveness to all students, this guide includes:

- Complete task-based lessons, referencing mathematics standards and practices, vocabulary, and materials
- Downloadable planning tools, student resource pages, and thoughtful questions, and formative assessment prompts
- Guidance on preparing, launching, facilitating, and reflecting on each task
- Notes on access and equity, focusing on students'
