Behavior Intervention Manual Goals Objectives And ...

Objectives are basically goals broken into smaller pieces – many similar or subsequent objectives will make up a goal. For example, an objective for an individual with extreme anxiety may be to take 10 steps outside their front door. The next objective may be to make it to the neighborhood market, or up to 30 steps outside their front door. Meeting each objective will eventually lead you to meet the goal. ## Developing an Effective Behavior Intervention Plan

The goal of behavior goals should be to extinguish, or eliminate, undesirable behavior and replace it with appropriate, productive behavior. Focusing on the target behavior may reinforce it. Focusing on the replacement behavior should help to extinguish the behavior. Problem behavior is not usually the result of reflective, thoughtful choices.

Outlines goals, objectives and intervention strategies to be used in educational settings, for 253 behaviors grouped by categories.

A compilation of goals, objectives and intervention strategies for 175 behaviors, grouped by categories. This book is designed to respond to most typical learning problems exhibited by students in educational settings.

Evidence based and practical, this book presents state-of-the-science approaches for helping K – 12 students who struggle with aggressive behaviors, anxiety, depression, ADHD, and autism. It explains the fundamentals of cognitive-behavioral intervention and reviews exemplary programs that offer powerful ways to reach at-risk children and adolescents. Leading authorities thoroughly describe the process of assessment, treatment planning, implementation, and program evaluation. What makes the book unique is its focus on the nitty-gritty of school-based intervention, including how to integrate mental health services into the special education system, overcome obstacles, and provide needed skills to school personnel.
