William 'Bill' McGuire Bryson (born December 8, 1951) is a best-selling American author of humorous books on travel, as well as books on the English language and on scientific subjects. Born in Des Moines, Iowa, he was educated at Drake University but dropped out in 1972 after deciding to backpack around Europe for four months.

Bill Bryson Books - Biography and List of Works - Author ...

It's been 25 since Bill Bryson proved - joyously and definitively - that only an outsider can see the whole truth about where you live. In our case, finding out that a Johnny Foreigner - an American, no less! - could laugh at us in a way that made us laugh at ourselves came as delightful ...

"After nearly two decades in Britain, Bill Bryson took the decision to move Mrs Bryson, little Jimmy et al. back to the States for a while. But before leaving his much-loved Yorkshire, Bryson insisted on taking one last trip around old Blighty, a sort of valedictory tour of the green and kindly island that had for so long been his home. The resulting book, Notes from a Small Island, is a eulogy to the country that produced Marmite, George Formby, by-elections, milky tea, place names like Farleigh Wallop, Titsey and Shellow Bowells, Gardeners' Question Time and people who say, 'Mustn't grumble.' Britain will never seem the same again. Once ensconced back home in New Hampshire, Bryson couldn't resist the invitation to write a weekly dispatch for the Mail on Sunday's Night & Day magazine. Notes from a Big Country is a collection of eighteen months' worth of his popular columns about that strangest of phenomena - the American way of life. Whether discussing the dazzling efficiency of the garbage disposal unit, the exoticism of having your groceries bagged for you, or the mind-numbing frequency of commercial breaks on American TV, Bill Bryson brings his inimitable brand of bemused wi

Before New York Times bestselling author Bill Bryson wrote The Road to Little Dribbling, he took this delightfully irreverent jaunt around the unparalleled floating nation of Great Britain, which has produced zebra crossings, Shakespeare, Twiggie Winkie's Farm, and places with names like Farleigh Wallop and Titsey.

A classic from the New York Times bestselling author of A Walk in the Woods and The Body. After living in Britain for two decades, Bill Bryson recently moved back to the United States with his English wife and four children (he had read somewhere that nearly 3 million Americans believed they had been abducted by aliens—as he later put it, "it was clear my people needed me"). They were greeted by a new and improved America that boasts microwave pancakes, twenty-four-hour dental-floss hotlines, and the staunch conviction that ice is not a luxury item. Delivering the brilliant comic musings that are a Bryson hallmark, I'm a Stranger Here Myself recounts his sometimes disconcerting reunion with the land of his birth. The result is a book filled with hysterical scenes of one man's attempt to reacquaint himself with his own country, but it is also an extended if at times bemused love letter to the homeland he has returned to after twenty years away.

Bryson brings his unique brand of humour to travel writing as he shoulders his backpack, keeps a tight hold on his wallet and heads for Europe. Travelling with Stephen Katz--also his wonderful sidekick in A Walk in the Woods--he wanders from Hammerfest in the far north, to Istanbul on the cusp of Asia. As he makes his way round this incredibly varied continent, he retraces his travels as a student twenty years before with caustic hilarity.

One of the world's most beloved and bestselling writers takes his ultimate journey -- into the most intriguing and intractable questions that science seeks to answer. In A Walk in the Woods, Bill Bryson trekked the Appalachian Trail -- well, most of it. In In A Sunburned Country, he confronted some of the most lethal wildlife Australia has to offer. Now, in his biggest book, he confronts his greatest challenge: to understand -- and, if possible, answer -- the oldest, biggest questions we have posed about the universe and ourselves. Taking as territory everything from the Big Bang to the rise of civilization, Bryson seeks to understand how we got from there being nothing at all to there being us. To that end, he has attached himself to a host of the world's most advanced (and often obsessed) archaeologists, anthropologists, and mathematicians, travelling to their offices, laboratories, and field camps. He has read (or tried to read) their books, pestered them with questions, apprenticed himself to their powerful minds. A Short History of Nearly Everything is the record of this quest, and it is a sometimes profound, sometimes funny, and always supremely clear and entertaining adventure in the realms of human knowledge, as only Bill Bryson can render it. Science has never been more involving or entertaining.

A loving and hilarious--if occasionally spiky--valentine to Bill Bryson's adopted country, Great Britain. Prepare for total joy and multiple episodes of unseemly laughter. Twenty years ago, Bill Bryson went on a trip around Britain to discover and celebrate that green and pleasant land. The result was Notes from a Small Island, a true classic and one of the bestselling travel books ever written. Now he has traveled about Britain again, by bus and train and rental car and on foot, to see what has changed--and what hasn't. Following (but not too closely) a route he dubs the Bryson Line, from Bognor Regis in the south to Cape Wrath in the north, by way of places few travelers ever get to at all, Bryson rediscovers the wondrously beautiful, magnificently eccentric, endearingly singular country that he both celebrates and, when called for, twits. With his matchless instinct for the funniest and quirkiest and his unerring eye for the idiotic, the bewildering, the appealing, and the ridiculous, he offers acute and perceptive insights into all that is best and worst about Britain today. Nothing is more entertaining than Bill Bryson on the road--and on a tear. The Road to Little Dribbling reaffirms his stature as a master of the travel narrative--and a really, really funny guy.

God only knows what possessed Bill Bryson, a reluctant adventurer if ever there was one, to undertake a gruelling hike along the world's longest continuous footpath--The Appalachian Trail. The 2,000-plus-mile trail winds through 14 states, stretching along the east coast of the United States, from Georgia to Maine. It snakes through some of the wildest and most spectacular landscapes in North America, as well as through some of its most poverty-stricken and primitive backwoods areas. With his offbeat sensibility, his eye for the absurd, and his laugh-out-loud sense of humour, Bryson recounts his confrontations with nature at its most uncompromising over his five-month journey. An instant classic, riotously funny, A Walk in the Woods will add a whole new audience to the legions of Bill Bryson fans.

A New York Times Bestseller Bill Bryson, bestselling author of A Short History of Nearly Everything, takes us on a head-to-toe tour of the marvel that is the human body--with a new afterword for this edition. Bill Bryson once again proves himself to be an incomparable companion as he guides us through the human body--how it functions, its remarkable ability to heal itself, and (unfortunately) the ways it can fail. Full of extraordinary facts (your body made a million red blood cells since you started reading this) and irresistible Brysonesque anecdotes, The Body will lead you to a deeper understanding of the miracle that is life in general and you in particular. As Bill Bryson writes, "We pass our existence within this wobble of flesh and yet take it almost entirely for granted." The Body will cure that indifference with generous doses of wondrous, compulsively readable facts and information. As addictive as it is comprehensive, this is Bryson at his very best, a must-read owner's manual for every body. ONE OF THE BEST BOOKS OF THE YEAR: THE WASHINGTON POST • FINANCIAL TIMES • THE DALLAS MORNING NEWS • BOOKPAGE • THE BOSTON GLOBE

When an old friend asked him to write a weekly dispatch from New Hampshire for the Mail on Sunday's Night and Day magazine, Bill Bryson firmly turned him down. So firm was he, in fact, that gathered here are nineteen months' worth of his popular columns about the strangest of phenomena -- the American way of life. Whether discussing the dazzling efficiency of the garbage disposal unit, the mind-boggling plethora of methods by which to shop, the exoticism of having your groceries bagged for you, or the jaw-slackening direness of American TV, Bill Bryson brings his inimitable brand of bemused wit to bear on the world's richest and craziest country.
