In Marcus Wohlsen ' s excellent first book, biopunks are biological hackers or tinkerers hoping to do the same thing that large biotech firms do, only do it more openly and less expensively. Biopunks may never cure cancer but their idealism and critique of the science establishment may have a lasting impact on the future of biotechnology.

Biopunk: DIY Scientists Hack the Software of Life | Marcus ...

Biopunk: DIY Scientists Hack the Software of Life by Marcus Wohlsen. This book is an interesting overview of the DIY BIO movement and a quick ~200 page read. Each chapter is a new topic/interview of some part of the DIY BIO movement and the author does a pretty good job balancing bias by showing the good it can do and the safety concerns it creates.
