Book Review: Bleak Harbor by Bryan Gruley

BLEAK HARBOR on the surface is the story of a kidnapped teenage son, Danny, who happens to have autism, being held for ransom by an unknown person. The parents of Danny have much more happening in their lives than meets the surface and the secrets they are hiding leave both of them wondering if their actions lead to the abduction.

My newest and fourth novel, BLEAK HARBOR, doesn ' t have such specific lineage. But, partly by accident, it touches on themes that resonate in our national discussion. Damn Fine Story: Mastering the Tools of a Powerful Narrative

Their son is gone. Deep down, they think they're to blame. Summertime in Bleak Harbor means tourists, overpriced restaurants, and the Dragonfly Festival. One day before the much-awaited and equally chaotic celebration, Danny Peters, the youngest member of the family that founded the town five generations ago, disappears. When Danny's mother, Carey, and stepfather, Pete, receive a photo of their brilliant, autistic, and socially withdrawn son tied to a chair, they fear the worst. But there's also more to the story. Someone is sending them ominous texts and emails filled with information no one else should have. Could the secrets they've kept hidden--even from one another--have led to Danny's abduction? As pressure from the kidnapper mounts, Carey and Pete must face their own ugly mistakes to find their son before he's taken from them forever.

Twelve years ago, her life was torn apart. Now those who wronged her will pay. Jubilee Rathman is a straight-A student and star soccer goalie destined for Princeton--until her family is brutally murdered. Twelve years later, she lives in a virtual fortress on Purgatory Bay near Bleak Harbor, plotting revenge on the people she considers responsible. In her crosshairs is former reporter Michaela "Mikey" Deming, who Jubilee believes got her family in trouble with the Detroit mob. As retribution, Jubilee kidnaps Mikey's sister and daughter, and that's just the start in her ruthless quest for justice. Bleak Harbor police chief Katya Malone, still reeling from her failure to find a kidnapped boy, leads the investigation. She's determined to keep history from repeating, but Jubilee is more cunning than Malone can imagine. All Mikey and Katya can do is follow Jubilee's dangerous trail of clues. But in Bleak Harbor, nothing is what it seems, and no one can be trusted. As an ominous end draws ever nearer, the women must face the misdeeds of the past to find the kidnapping victims before it's too late.

Finalist for the Edgar Award for Best First Novel, Harlan Coben meets early Dennis Lehane in this “smashing debut thriller” (Chicago Tribune), set in a small northern Michigan town by a Pulitzer Prize – winning journalist. In the dead of a Michigan winter, pieces of a snowmobile wash up near the crumbling, small town of Starvation Lake—the same snowmobile that went down with Starvation’s legendary hockey coach years earlier. But everybody knows Coach Blackburn’s accident happened five miles away on a different lake. As rumors buzz about mysterious underground tunnels, the evidence from the snowmobile says one thing: murder. Gus Carpenter, editor of the local newspaper, has recently returned to Starvation after a failed attempt to make it big at the Detroit Times. In his youth, Gus was the goalie who let a state championship get away, crushing Coach’s dreams and earning the town’s enmity. Now he’s investigating the murder of his former coach. But even more unsettling to Gus are the holes in the town’s past and the gnawing suspicion that those holes may conceal some dark and disturbing secrets—secrets that some of the people closest to him may have killed to keep.

From the two-time Pulitzer Prize-winning author of *The Underground Railroad* and *The Nickel Boys*: a tender, hilarious, and supremely original novel about coming-of-age in the 80s. Benji Cooper is one of the few black students at an elite prep school in Manhattan. But every summer, Benji escapes to the Hamptons, to Sag Harbor, where a small community of African American professionals have built a world of their own. The summer of ’85 won’t be without its usual trials and tribulations, of course. There will be complicated new handshakes to fumble through and state-of-the-art profanity to master. Benji will be tested by contests big and small, by his misshapen haircut (which seems to have a will of its own), by the New Coke Tragedy, and by his secret Lite FM addiction. But maybe, just maybe, this summer might be one for the ages. Look for Colson Whitehead’s new novel, *Harlem Shuffle*, coming this September!

A smart, funny take on the Charles Dickens classic *BLEAK HOUSE*—for anyone who’s ever held on to a dream just a little too long. New York writer Ricki Carstone knows the odds of Hollywood actually turning her debut novel, *Jarndyce and Jarndyce*, into a movie are slim. But Moxie Bernard, the most famous teen on the planet, has signed on to star in the option. Plus, the producer is throwing her a super fabulous party in Hollywood (with Moxie!) to celebrate the relaunch of her book with a younger, sexier cover. Maybe it will happen after all. Quitting her dead-end paralegal job to move out to Los Angeles and keep an eye on the project, Ricki meets a handsome out-of-work actor who encourages her to try her hand at screenwriting, and an experienced screenwriter who is willing to help her for a fee, which only starts out small. And then there’s her cute neighbor Simon, who thinks her new friends are just taking advantage of her. Will Ricki ever see her name in lights and make it big in Hollywood?

WHEN GRACIE McBRIDE, the wild girl who had left town eighteen years earlier, is found dead in an apparent suicide shortly after her homecoming, it sends shock waves through her native Starvation Lake. Gus Carpenter, executive editor of the Pine County Pilot, sets out to solve the mystery with the help of his old flame and now girlfriend, Pine County sheriff deputy Darlene Esper. As Gus and Darlene investigate, they can’t help but question if Gracie’s troubled life really ended in suicide or if the suspicious crime-scene evidence adds up to murder. But in such a small town it’s impossible to be an impartial investigator—Gracie was Gus’s second cousin; Darlene’s best friend; and the lover of Gus’s oldest pal, Soupy Campbell. Yet with all the bad blood between Gus and Gracie over the years, Gus is easily distracted by other problems. His employer is trying to push him out, the locals are annoyed that his stories have halted construction on a new hockey rink, and Darlene’s estranged husband has returned to reclaim his wife. When Gus tries to retrace Gracie’s steps to discover what happened to her in the eighteen years she was away from Starvation Lake, he’s forced to return to Detroit, the scene of his humiliating past. And though he’s determined to find out what drove Gracie back home, Gus is unprepared for the terrible secrets he uncovers. The second book in Bryan Gruley’s irresistible Starvation Lake series, *The Hanging Tree* is a compelling story about family and friendship, sex and violence, and the failure of love to make everything right.

Does Gus Carpenter really want to know what’s inside the skeleton box? In Anthony – and Barry Award – winning author Bryan Gruley’s gripping new novel, Gus must decide if the truth is better off dead and buried. Mysterious break-ins are plaguing the small town of Starvation Lake. While elderly residents enjoy their weekly bingo night at St. Valentine’s Catholic Church, someone is slipping into their homes to rifle through financial and personal files. Oddly, the intruder takes nothing—yet the “Bingo Night Burglaries” leave the entire town uneasy. Worry turns into panic when a break-in escalates to murder. Suddenly, Gus Carpenter, editor of the Pine County Pilot, is forced to investigate the most difficult story of his life. Not only is the victim his ex-girlfriend Darlene’s mother, but her body was found in the home of Bea Carpenter—Gus’s own mother. Suffering from worsening dementia and under the influence of sleeping pills, Bea remembers little of the break-in. With the help of Luke Whistler, a former Detroit Free Press reporter who came north looking for slower days and some old-fashioned newspaper work, Gus sets out to uncover the truth behind the murder. But when the story leads him to a lockbox his mother has kept secret for years, Gus doesn’t realize that its contents could forever change his perception of Starvation Lake, his own family, and the value of the truth.

What if the world of the old New York waterfront was as violent and mob-controlled as it appears in Hollywood movies? Well, it really was, and the story of its downfall, told here in high style by Nathan Ward, is the original New York mob story. New York Sun reporter Malcolm “Mike” Johnson was sent to cover the murder of a West Side boss stevedore and discovered a “waterfront jungle, set against a background of New York’s magnificent skyscrapers” and providing “rich pickings for criminal gangs.” Racketeers ran their territories while doubling as union officers, from the West Side’s “Cockeye” Dunn, who’d kill for any amount of dock space, to Jersey City’s Charlie Yanowsky, who controlled rackets and hiring until he was ice-picked to death. Johnson’s hard-hitting investigative series won a Pulitzer Prize, inspired a screenplay by Arthur Miller, and prompted Elia Kazan’s Oscar-winning film *On the Waterfront*. And yet J. Edgar Hoover denied the existence of organized crime – even as the government’s dramatic hearings into waterfront misdeeds became must-see television. In *Dark Harbor*, Nathan Ward tells this archetypal crime story as if for the first time, taking the reader back to a city, and an era, at once more corrupt and more innocent than our own.

They say that opposites attract. But what happens when one of them has been devastated by betrayal and the other is so damaged and jaded that his heart is made of stone? In New York Times bestselling author Lisa Kleypas’s *Dream Lake*, readers will enter the world of Friday Harbor, an enchanting town in the Pacific Northwest where things are not quite as they seem and where true love might just have a ghost of a chance... Alex Nolan is about as bitter and cynical as they come. One of three Nolan brothers who call Friday Harbor home, he’s nothing like Sam or Mark. They actually believe in love; they think the risk of pain is worth the chance of happiness. But Alex battles his demons with the help of a whiskey bottle, and he lives in his own private hell. And then, a ghost shows up. Only Alex can see him. Has Alex finally crossed over the threshold to insanity? Zoë Hoffman is as gentle and romantic as they come. When she meets the startlingly gorgeous Alex Nolan, all her instincts tell her to run. Even Alex tells her to run. But something in him calls to Zoë, and she forces him to take a look at his life with a clear eye and to open his mind to the possibility that love isn’t for the foolish. The ghost has been existing in the half-light of this world for decades. He doesn’t know who he is, or why he is stuck in the Nolans’ Victorian house. All he knows is that he loved a girl once. And Alex and Zoë hold the key to unlocking a mystery that keeps him trapped here. Zoë and Alex are oil and water, fire and ice, sunshine and shadow. But sometimes it takes only a glimmer of light to chase away the dark, and sometimes love can reach beyond time,

space, and reason to take hold of hearts that yearn for it...
