Before you are able to change the lawn mower oil on your Briggs & Stratton small engine, it's important to understand the oil type and capacity required. The type of mower you use, the engine within, and the temperature outside determines what type of oil to use, how much you need and the cost of the oil.

If you need help identifying your Briggs & Stratton engine, please visit our engine model number locator guide to find these numbers. Also, be aware that the numbers found on the Engine Emissions Label (bottom left) can be confused with the engine Model, Type and Code. Unfortunately, these numbers cannot be used to identify your engine.
