Drawing (17309)

INTRODUCTION

Drawing is the language of

engineers. An

engineer must be well conversant with

drawings. Drawings represent reduced

shape of structure

and the owner will be

able to see what is

going to happen.

infrastructure. And

Construction differs from manufacturing in that manufacturing

typically involves

mass production of

similar items without a

designated purchaser,

while construction

typically takes place

on location for a

known client.

~~Building Construction~~
