"Far more than a book about how to care for a horse, though it stands out as one of the best on the subject . . . beautiful" (Susan Richards, author of Chosen by a Horse). This unique guide to horsemanship incorporates Eastern philosophy to describe how horses understand and respond to the flow of vital energy around them, and how they use this energy, called chi, to communicate with their herd, express dominance, and sense predators. Written by the award-winning author of The Scalpel and the Soul, and including forewords by Monty Roberts and Dr. Robert Miller, Zen Mind, Zen Horse shares safe, simple techniques to make you more receptive to your animal' s chi, so you can develop a calm and effective training style that will not only help your horse follow commands, but strengthen the spiritual bond between horse and rider.

Portraits, self-portraits, nudes, still lifes, biblical scenes and landscapes that splendidly reveal Rembrandt's unsurpassed etching technique and range of surface tone.

100+ Recipes to Air Fry Your Way to a Healthier Heart Frying, baking, roasting, grilling--there's nothing your air fryer can't do. Although your air fryer is healthier than a deep fryer, not all air fryer recipes are truly healthy--especially for your heart. Linda Larsen grew up loving fried foods, but as an adult she needs to eat food that is healthy and nourishing. Today, the author of the bestselling The Complete Air Fryer Cookbook uses her air fryer to cook meals that are just as delicious as her fried favorites--and good for her heart, too. Linda's air fryer recipes in The Healthy Air Fryer Cookbook combine the ease and simplicity of your favorite appliance with the added benefit of total-body nutrition. This is the only air fryer cookbook that offers truly healthy, easy, and whole-food recipes, so you can enjoy fried foods while being good to your heart. Simple and delicious, this air fryer cookbook includes: More than 100 truly heart-healthy recipes that are low-salt, low-fat, and full-flavor--including vegan and vegetarian options Complete nutrition information that follows American Heart Association guidelines, so you know exactly what you're eating Handy recipe callouts that show how much salt and fat you're sparing yourself by not deep frying your meal With The Healthy Air Fryer Cookbook you don't have to sacrifice your health to enjoy fried foods.

A comprehensive and accessible introduction to statistics in corpus linguistics, covering multiple techniques of quantitative language analysis and data visualisation.

Anne Fedele offers a comprehensive ethnography of alternative pilgrimages to French Catholic shrines dedicated to Saint Mary Magdalene. Drawing on more than three years of extensive fieldwork, she describes how pilgrims from Italy, Spain, Britain, and the United States interpret Catholic figures, symbols, and sites according to spiritual theories and practices derived from the transnational Neopagan movement. Fedele pays particular attention to the life stories of the pilgrims, the crafted rituals they perform, and the spiritual-esoteric literature they draw upon. She examines how they devise their rituals; why this kind of spirituality is increasingly prevalent in the West; and the influence of anthropological literature on the pilgrims. Among these pilgrims, spirituality is lived and negotiated in interaction with each other and with textual sources: Jungian psychology, Goddess mythology, and "indigenous" traditions merge into a corpus of theories and practices centered upon the worship of divinities such as the Goddess, Mother Earth, and the sacralization of the reproductive cycle. The pilgrims' rituals present a critique of the Roman Catholic Church and the medical establishment and have critical implications for contemporary discourses on gender. Looking for Mary Magdalene is an invaluable resource for anyone interested in ritual and pilgrimage.

Hilary Davidson's The Next One to Fall takes place three months after the events of her debut novel, the Anthony Award-winning The Damage Done. Travel writer Lily Moore has been persuaded by her closest friend, photographer Jesse Robb, to visit Peru with him. Jesse is convinced that the trip will lure Lily out of her dark mood, but Lily is haunted by betrayal and loss. At Machu Picchu, the famous Lost City of the Incas, they discover a woman clinging to life at the bottom of an ancient stone staircase. Just before the woman dies, she tells Lily the name of the man who pushed her. When the local police investigate, the forensic evidence they find doesn't match what Lily knows. Unable to accept the official ruling of accidental death, Lily hunts down the wealthy man who was the dead woman's traveling companion and discovers a pattern of dead and missing women in his wake. Obsessed with getting justice for these women, Lily sets in motion a violent chain of events that will have devastating consequences. Working mothers constantly battle the pull to do all the things well. From managing work and home responsibilities to being impacted by a lack of self-care and time for deep friendships, the struggle is real. At the end of each day, many working moms are exhausted and stretched too thin. But this does not have to be the norm. In her latest practical and inspiring book, Jessica Turner shows the working mom how to - work and parent guilt-free - establish clear work boundaries - set achievable goals - discover more flexibility - develop home management solutions - prioritize self-care - invest in her marriage - cultivate deeper friendships - feel like a good mom, even while working Full of compassion and encouragement, Stretched Too Thin will empower women with useful insights and tools to thrive as working moms.

Most of what has been written about the recent history of Yugoslavia and the fierce wars that have plagued that country has been produced by journalists, political analysts, diplomats, human rights organization, the United Nations, and other government and intergovernmental organizations. Professional historians of Yugoslavia, however, have been strangely silent about the wars and the breakup of the country. This book is an effort to end that silence. The goal of this volume is to bring together insights from a distinguished group of American and European scholars of Yugoslavia to add depth to our historical understanding of that country' s recent struggles. The first part of the volume examines the ways in which images of the Yugoslav past have shaped current understandings of the region. The second part deals more directly with the events of the recent past and also looks forward to some of the problems and future prospects for Yugoslavia' s successor states.

Rembrandt was a Dutch painter and the son of a prosperous miller. Universally regarded as one of the greatest artists of all time, Rembrandt often turned to Scripture for inspiration. Rembrandt: The Old Testament features reproductions of 69 color oils, drawings and black-and-white etchings of such subjects as Abraham and Isaac, Noah's ark, Moses and the burning bush, Daniel in the lion's den, and David and Goliath.
