~~From radiology and anesthesia to patient needs and client education, this handy full-color guide covers everything you need to know about veterinary dentistry. Dental procedures are presented first, with chapters on oral examinations, instruments, safety, and anesthesia, followed by coverage of more difficult areas such as endodontics. The book concludes with two very interesting chapters on marketing veterinary dentistry and commonly asked client questions, replete with proper responses. With its comprehensive coverage and team approach, Animal Dentistry is the ideal resource for both technicians and practitioners alike to use in school and professional practice. Clear, heavily illustrated procedures provide a more detailed look at the skills you need to master. Dental terminology is incorporated to help you master the proper language and improve office communication. Inclusion of digital dental radiography develops your understanding of direct radiology versus computerized radiology and the economic considerations of both. Vet Tech Threads include a variety of pedagogical features including learning objective, Key terms, chapter outlines, Technician Notes, and more to help you navigate through chapters and focus your learning. New full-color illustrations give you a better picture of concepts, equipment, and procedure details.~~

~~Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).~~

~~A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.~~

~~The vital resource for grading all assignments from the Cultural Issues: Creation/Evolution and the Bible course, which includes: Learning answers, information, and strategies when facing destructive influences found in the workplace or school environmentsStudying fossils, the age of the earth, the beginning of life, and more in these two volumes focused on points of contention related to the Bible, faith, and science. OVERVIEW: This curriculum has been put together to provide the answers to many common objections to biblical worldviews and scriptural authority of the Bible. Practical tests are included to strengthen the student's grasp of key concepts and terms, while providing critical thinking opportunities to put their knowledge to work. Students will learn to apply the Biblical worldview to subjects such as evolution, carbon dating, Noah's ark and the Flood, and dozens more. They will discover answers to help know the depths of God's wisdom found in His Word and in His world, and why this matters to your life, your family, and your faith. FEATURES: The calendar provides lesson planning with clear objectives, and the worksheets and tests are all based on the materials provided for the course.~~
