A thorough book for guitarists on the applications and understanding of chords.

Ted Greene's Chord Chemistry was originally published in 1971 and has become the classic chord reference book for two generations of guitarists. Whether you are just beginning to search beyond basic barre chords or are already an advanced player looking for new sounds and ideas this is the book that will get you there. Designed to inspire creativity this book is a musical treasure chest filled with exciting new ideas and sounds.

A collection and explanation of many different types of important progressions for the intermediate and advanced guitarist.

A book that clearly explains the principles of jazz soloing. Logically organized, with hundreds of musical examples, this method is the result of many years of Ted's teaching and research.

A retrospective of Ted Greene, virtuoso solo guitarist, beloved music teacher, world-renowned author and innovator of unique music concepts for guitar. This book also includes an overview of Ted Greene's early life and musical development, plus an insightful narrative of the 13 years prior to his death

Ted Greene's Jazz Guitar Single Note Soloing method is one of the most respected approaches to playing jazz guitar ever written. Continuing where Volume 1 left off, this book ties all the tools together, with special emphasis on playing through chord changes and developing rich melody lines.

A book that clearly explains the principles of jazz soloing. Logically organized, with hundreds of musical examples, this method is the result of many years of Ted's teaching and research.

A collection and explanation of many different types of important progressions for the intermediate and advanced guitarist.

Guitarskole.

The art of improvising chord-style solos is an important part of any musician's resources. This book has been written to improve that art for guitar, vibes and all keyboard instruments. A careful study of these solos will give you a thorough understanding of chordal playing and substitutions. It is great for voicing as well as improvisation.
