## 5 Ways to Cite a Research Paper - wikiHow

How do you cite a working paper in MLA style? A working paper is a draft or an early version of a piece of writing, usually one that either has been or will be submitted for publication. Working papers submitted for publication can also be called prepublication or preprint versions, or by the term gray literature. You should either indicate that the source is a working paper in your prose or use the optional-element slot at the end of the entry to do so.

Citation management tools allow a user to organize and retrieve information, such as citations for books, articles, and Web sites, by interfacing with library databases. The citation manager then works with word-processing software to insert properly formatted footnotes or citations into a paper and create a properly formatted bibliography.
