How to Reset Service Engine Soon Light - Paul's Gigantic ...

by Paul Novak. Car dashboard image by Andrejs Pidjass from Fotolia.com. Modern automobiles use onboard computers keep track of how individual parts of an engine are performing, storing this data as error codes when problems are found. The service engine soon light will come on when the computer determines that maintenance or service is required. If it does not turn off after servicing or repair, it may need to be reset to clear the error code.

How to Reset a Service Engine Soon Light | It Still Runs

Service Engine Soon Light Meaning. If the 'Service Engine Soon' light comes on, it means that there is a minor problem with the electronics or the engine of your car. Some manufacturers use them as a check engine light for minor problems. It could also mean that it is time for a scheduled service, such as oil or spark plug replacement. Some manufacturers only have one indicator for both scheduled service and engine problems.

Service Engine Soon Light [How to fix it?] Meaning & Causes

Check for the arrows on the faceplate of the scan tool and then use them to scroll through the menu until you see the Read All Codes command. Choose this command. You can scroll through the menu again and find Clear All Codes. Then select this option then wait for the service engine light to shut off.

MAZDA CX-5 WRENCH SERVICE LIGHT INDICATOR RESET FOR TYPE A AUDIO MODEL. STEP 1 Press and hold the TRIP BUTTON with the ignition switched off, then switch it on. Keep pressing the selector for more than 5 seconds.

HOW TO RESET: CX-5 Service Maintenance Reminder

Solution: Inspect all the fuses related to the systems listed above. Replace any fuses that have blown, then start your vehicle and see if the light has gone out and the affected system works. If this solves the problem, you're done. If the light stays on, or the fuse blows again, let a mechanic figure it out.

What the 'Service Vehicle Soon' Warning Light Means

Sometimes, drivers confuse the "Service Required" warning with the check engine light. In most vehicles, these two warning lights mean different things. The service engine indicator means that the car is due for routine maintenance or an oil change. Its intervals are typically set by mileage, not because the car's computer detects anything wrong.

How can I Reset my Check Engine Light? (with pictures)

If your BMW check engine light (or service engine soon light) stays on, it means that the Onboard Diagnostic System (also known as Digital Motor Electronics DME) has detected a problem with the emission system, engine, or transmission.
