Close Liaisons (The Krinar Chronicles #1) I give this one out of five stars for the idiot heroine Mia, her alien stalker rapist Korum, and all kinds of inconsistent nonsense that drove my analytical mind crazy. Reading this was like watching a bad car wreck, I rubber necked my way through the whole thing thinking, "What a complete mess."

Like most people, she's never had any interactions with the invaders - until one fateful day in the park changes everything. Having caught Korum's eye, she must now contend with a powerful, dangerously seductive Krinar who wants to possess her and will stop at nothing to make her his own. Will he keep his promise to bring her home, or is she destined to be his prisoner forever? Can a human become a part of Krinar society? Does Korum love her, or does he only wish to possess her?

***Internationally Bestselling Erotic Romance Trilogy *** Dark Passion. Betrayal. Danger. Love. Five years in the future, humans are no longer the most advanced species. Earth is ruled by the Krinar, a beautiful, mysterious race from another galaxy. A shy and inexperienced college student, Mia Stalis has never had much interaction with the invaders - until one fateful meeting in Central Park changes everything. Having caught Korum's eye, she must now contend with a powerful, dangerously seductive Krinar who will do anything to possess her . . . even take away her freedom. From the skyscrapers of New York City to the alien landscapes of Krina, their epic passion will transform the world.

A new standalone romance from the New York Times bestselling author of Twist Me and The Krinar Chronicles Emily Ross never expected to survive her deadly fall in the Costa Rican jungle, and she certainly never thought she'd wake up in a strangely futuristic dwelling, held captive by the most beautiful man she'd ever seen. A man who seems to be more than human... Zaron is on Earth to facilitate the Krinar invasion--and to forget the terrible tragedy that ripped apart his life. Yet when he finds the broken body of a human girl, everything changes. For the first time in years, he feels something more than rage and grief, and Emily is the reason for that. Letting her go would compromise his mission, but keeping her could destroy him all over again. NOTE: This is a full-length, standalone romance that takes place approximately five years before The Krinar Chronicles trilogy (aka Mia & Korum's story). You do not have to have read that trilogy to enjoy this book.

"When a ruthless enemy finally strikes, Mia and Korum will face the biggest test of their relationship yet. But it's Korum's own secrets that may ultimately tear them apart. From the beaches of Costa Rica to a planet in a distant galaxy, theirs is a love story that may change the world..."--Page 4 of cover.

What happens in an alien sex club stays in an alien sex club, right? Well... not if you pen an exposé on the place. And certainly not if you omit the fact that the experiences in the article are your own. Or if the Krinar you've hooked up with is the club's owner, whose many kinks involve blackmail and mind games. For a young journalist out to prove herself, it's all about landing the next big story. Until it becomes all about landing in a possessive alien's penthouse bed. Note: This full-length novel combines two previously published works--The X-Club, a short story by Anna Zaires, and Vair, the sequel written by Hettie Ivers. It also contains an all-new, expanded ending and an epilogue featuring Mia & Korum.

Think your dreams are private? Think again. As a dreamwalker, I can ease your nightmares, inspire creation, or steal memories, all for the small price of a buttload of cash. I need the money to save my mom's life, and the clock is ticking. Then a gorgeous illusionist comes into the picture--though those mouthwatering looks may just be his powers in action. He sends me on a job with a major paycheck, but the pucking vampires show up and ruin everything. As usual, they suck. Now I'm knee-deep in a murder case where the victims and the perps could all kill me with a snap of their fingers. Throw in a creepy castle, a stinky moat, and a legendary monster, and we've got ourselves a party. Especially when the bodies begin to pile up. My name is Bailey Spade, and if I don't solve this case, I'm dead.
