The title at first appeared confusing and after reading the book I had a problem connecting Country to Rock and Roll let alone the twisted roots. In retrospect I'm guessing the reason I made the purchase was to find out how the author makes the connection. Tosches is an excellent writer but this one for me did absolutely nothing.

It's not quite that, but Country: The Twisted Roots of Rock and Roll is an interesting read with a lot of information and colour. In a series of alternating chapters, Tosches details the early years of blues and country music. He traces the arc of steel guitars, it's common origin with blues and country and how it split not just into

Tragic indeed that Tosches does not mention, in a book about country rock roots, the rocking 1946 single by the Texas Playboys, "Bob Wills Boogie," which has boogie piano by Millard Kelso, a rock-like solo by electric MANDOLINIST Tiny Moore, under-girded throughout by the manic playing and soloing of Junior Barnard.

Celebrating the dark origins of our most American music, Country reveals a wild shadowland of history that encompasses blackface minstrels and yodeling cowboys; honky-tonk hell and rockabilly heaven; medieval myth and musical miscegenation; sex, drugs, murder; and rays of fierce illumination on Elvis, Jerry Lee Lewis, and others, famous and forgotten, whose demonology is America's own. Profusely and superbly illustrated, Country stands as one of the most brilliant explorations of American musical culture ever written.

The perfect family...and the perfect nightmare. TWISTED ROOTS From the outside, Hannah Eaton seems to live a charmed life in wealthy Palm Beach, Florida, with her mother, Willow, a renowned psychologist, and her stepfather. But deep inside, she is miserable and lonely. She's been abandoned by her father, a pretentious lawyer whose family wants nothing to do with her. Now, the arrival of a new baby brother has consumed her mother, who is obsessed with caring for the sickly infant. And so, Hannah slips further into the shadows.... With the help of her boyfriend and her uncle, Hannah sets out for New Orleans to follow her dreams of singing. But life on the road holds many dark surprises -- and shattering realities that Hannah herself may not be ready to face....

A true story of incest, physical abuse and mental torment and how one young girl fought back! For 17 years Louise was married to this man she had come to hate. Along with her were her five innocent children. For every year of their lives they watched their father brutally batter their mother. Each of the children were subjected to one or more of the following types of abuse. Incest. Physical Beatings. Mental Abuse. Deprivation. Rape. For years this family lived in fear and in 1977 they were failed by the judicial system when they tried to escape. They were able to get away but he only got a slap on the wrist. In 1994, seventeen years later he would not walk away. During that seventeen year period he married a severely mentally handicapped cousin and raised five more children. This second family was more severely abused. Learn from this story how a police captain from a small southern town finally brought about justice for all these victims and touched the lives of both families. This is a story of survival and strength and a story for survivors everywhere.

A portrait of singer Jerry Lee Lewis details his early life, music, controversial marriage, problems and decline, endurance, and revival in

popularity

This volume celebrates the diverse sources of the music of the Lone Star State by gathering chapters by specialists on each of them--specialist whose views may not have dominated the perception of Texas music to date. The result is an original look at the musical traditions of Texas Germans and Czechs, black Creoles and Chicanos, and blues and gospel singers. The diverse genres included in the anthology also provide an introduction to the classes, cultures, races and ethnic groups of Texas.

What do Louis Armstrong, Ray Charles, Bob Dylan, Willie Nelson, Tom Waits, Cassandra Wilson, and Ani DiFranco have in common? In *Highway 61 Revisited*, acclaimed music critic Gene Santoro says the answer is jazz--not just the musical style, but jazz's distinctive ambiance and attitudes. As legendary bebop rebel Charlie Parker once put it, "If you don't live it, it won't come out of your horn." Unwinding that Zen-like statement, Santoro traces how jazz's existential art has infused outstanding musicians in nearly every wing of American popular music--blues, folk, gospel, psychedelic rock, country, bluegrass, soul, funk, hip-hop--with its parallel process of self-discovery and artistic creation through musical improvisation. Taking less-traveled paths through the last century of American pop, *Highway 61 Revisited* maps unexpected musical and cultural links between such apparently disparate figures as Louis Armstrong, Willie Nelson, Bob Dylan and Herbie Hancock; Miles Davis, Lenny Bruce, The Grateful Dead, Bruce Springsteen, and many others. Focusing on jazz's power to connect, Santoro shows how the jazz milieu created a fertile space "where whites and blacks could meet in America on something like equal grounds," and indeed where art and entertainment, politics and poetry, mainstream culture and its subversive offshoots were drawn together in a heady mix whose influence has proved both far-reaching and seemingly inexhaustible. Combining interviews and original research, and marked throughout by Santoro's wide ranging grasp of cultural history, *Highway 61 Revisited* offers readers a new look at--and a new way of listening to--the many ways jazz has colored the entire range of American popular music in all its dazzling profusion.

Jax Saint-Pierre is dedicated to building the success of her business and living life the way she mapped it. That is, until driven and charismatic Chase Taylorson stands firmly in her path with his arrogant charm. He was the first man to make her consider changing her strict no-relationship rule, but with her wicked past, she keeps him at a distance for his own good. Chase Taylorson is the head of a billion dollar empire. All it takes is one chance encounter with Jax Saint-Pierre to blow up his well-organized world. Independent and feisty, she demands he check his ego at the door, forget his entitled ways, and bury his coveted bachelor status in the sand. Jax assumed he had the perfect life, but will soon come to realize, even the privileged are tethered to wicked roots. Warning: This book contains explicit language, strong sexual content, and triggers that may be offensive to some readers. If you are easily offended or triggered this may not be the book for you. Note: The title of this book maybe misleading, at first. This book is one of the tamest KK has released so far. Although it contains hard subject matter, it is not the usual KK book where bodies are dropping and blood is spilling. Like, Sankofa, this book is more about the journey of two individuals who have to glance into their pasts in order to see a way to their future. This book does contain a lot of hot KK sex and drama though.

Celebrating the dark origins of our most American music, *Country* reveals a wild shadowland of history that encompasses blackface minstrels and yodeling cowboys; honky-tonk hell and rockabilly heaven; medieval myth and musical miscegenation; sex, drugs, murder; and rays of fierce illumination on Elvis, Jerry Lee Lewis, and others, famous and forgotten, whose demonology is America's own. Profusely and superbly illustrated, *Country* stands as one of the most brilliant explorations of American musical culture ever written.

This vivid celebration of blues and early rock 'n' roll includes some of the first and most illuminating profiles of such blues masters as Muddy Waters, Skip James, and Howlin' Wolf; excursions into the blues-based Memphis rock 'n' roll of Jerry Lee Lewis, Charlie Rich, and the Sun record label; and a brilliant depiction of the bustling Chicago blues scene and the legendary Chess record label in its final days. With unique insight and unparalleled access, Peter Guralnick brings to life the people, the songs, and the performance that forever changed not only the American music scene but America itself.
