Culture and Technology is an essential guide to the fascinating history of these debates, and offers new perspectives that give readers the tools they need to make informed decisions about the role of technology in our lives. In clear and compelling language, Slack and Wise untangle and expose the cultural assumptions that underlie our thinking about technology, stories so deeply held we often don't recognize their influence.

Technology + Culture: A
Primer is indeed a primer,
but in more ways than one. A
"primer" in scholarly
discourse is normally
understood to refer to an
introductory text that
covers the basic elements of
a subject. Professor
Jennifer Slack and Associate
Professor Greg Wise's co-
authored text fulfills this
function.
