The Best of Peter Egan offers a "greatest hits" collection of Egan's motorcycle musings from the past four decades, delivered in his signature, wise but amusing, style. Peter Egan's writing invites you to pull up a chair, pour a little scotch, and relax while he shares with you his tales from the road, his motorcycling philosophy, and his keen observations about the two-wheeled life. For some forty years, Peter Egan's columns and feature articles have been among Cycle World's most anticipated monthly content. Egan's legions of fans know they will gain a fresh perspective on motorcycling from each of his articles. Drawings from motoring artist Hector Cademartori beautifully illustrate Egan's musings, and a foreword by super-enthusiast Jay Leno introduces the book. This is an unforgettable collection from a master writer whose simple adventures of two-wheeled life remind us why we love to ride.

Three-time World Superbike Champion Troy Bayliss offers a master class in advanced sportbike riding techniques. This book will help nearly every serious rider - from newcomers working to improve their performance and safety on the road to experts trying to make the most of their next track day. Joined by fellow rider and author Andrew Trevitt, Bayliss explains key physical skills required for effective riding at any level, as well as sophisticated techniques for maximizing performance at the track.

Develop sound advertising plans and successfully implement your strategies following the tips and techniques presented in nine easy-to-use chapters. Includes illustrations, worksheets, planning documents, and case studies.

Feel is the story of how a small-time boy from humble beginnings in Louisiana rose to the pantheon of greats, to win the 500cc and 250cc GP Championship in the same year - an historic achievement over three decades ago which has never been repeated. Growing up at the time of the assassination of Malcolm X and Martin Luther King, Freddie judged by feel, not by colour. Blind to prejudice and discrimination, he formed dynamic connections with people and events, but only years later during his racing afterlife could Freddie come to understand the true power of the things he learned. Spencer is an articulate and compassionate guide as he describes the thrill and horror of racing in an era when death was a perennial threat. He recalls in pin-sharp detail the frenetic high-octane racing duels with the 'King' Kenny

Roberts, but also describes a parallel internal journey as he struggled to make sense of it all. Driven by a search for the personal fulfilment that comes through finding your purpose, Freddie's story is a universal one. In its message of hope, *Feel* transcends its genre to offer a story for everyone. Part thriller, part philosophical self-exploration, it is a remarkably insightful account of what it is like to have it all, but wonder why. "For the first time I will talk about the traumas of my childhood, the contrast between the leaf fire burns, the mistrust and discomfort and the peace and purpose I felt when riding my bike. I didn't tell my parents about something that happened to me. Why? I felt ashamed, but when I rode I felt connected to everything and the pain in my hand and heart would go away. It gave me the feeling of hope".
