Light--working as Kira, the newest member of the NPA intelligence bureau, and L--has nearly succeeded in creating his ideal world. But the years of uncontested victory have made him complacent, and he is unprepared for a new attack close to home. With his younger sister Sayu kidnapped and the NPA's Death Note demanded as ransom, Light must travel across the world and confront two new adversaries, each with a very different agenda. Will Light's quick wits be a match for this new challenge, or will he be forced to choose between Kira's ambitions and his own family's lives? -- VIZ Media

When high school student Light Yagami finds the Death Note, a notebook dropped by a Shinigami death god, he discovers that any person whose name is written in it dies, so Light decides to use the notebook to rid the world of evil.

Light has always been confident in his ability to outthink everyone, but L's protégés are proving to be more of a challenge than he anticipated. The more Light mentally maneuvers, the tighter the net around him becomes. And now Near and Mello are working to break the task force apart and expose Kira from within! Light has always held up under pressure in the past, but will the stress of this new line of attack and the strain of maintaining three different personalities be the beginning of his end? -- VIZ Media

With two Kiras on the loose, L asks Light to join the task force and pose as the real Kira in order to catch the copycat. L still suspects Light and figures that this is the perfect excuse to get closer to his quarry. Light agrees to the plan in order to have free access to the task force resources. But when Light manages to contact the new Kira, he discovers that his rival is anything but as expected. Will Light escape from love unscathed? -- VIZ Media

After a high-speed chase, Light and the task force apprehend the newest Kira. Light regains his Death Note and his memories, and the depths of his cunning are revealed as the plans he carefully put in place before going into confinement are slowly unveiled. His masterful manipulation of both humans and Shinigami lead him to the strongest position he's yet enjoyed. But the glow of his victory is marred when a new threat appears. Can Light withstand a surprise attack on two fronts? -- VIZ Media

When high school student Light Yagami finds the Death Note, a notebook dropped by a Shinigami death god, he discovers that any person whose name is written in it dies, so Light decides to use the notebook to rid the world of evil.

The battle ends here! -- VIZ Media

Light's latest machinations are putting a strain on even his formidable intellect as Near flies to Japan to beard Kira in his den. Near is sure that Light is Kira, but his sense of honor as L's heir will allow no doubts. He doesn't want to just stop the Kira murders, he wants to expose Light as the Death Note killer. Light thinks he's up to the challenge, but will the pressures of his fiancée, his new flame, and his acolyte prove to be fatal distractions? -- VIZ Media
