spaces illustrate real-world case studies for illuminating residential and commercial spaces, from kitchens to doctors' offices. Each scenario includes an in-depth rationale for the proposed solution, insightful lighting distribution diagrams, floor plans, and details for lighting installation and construction. In addition, exercises allow you to develop lighting design skills in preparation for working on actual projects, as well as the NCIDQ and NCARB exams. Packed with informative illustrations, *Lighting Design Basics* is an invaluable resource for students, as well as interior designers and architects studying for professional licensing exams.

Also the best looking, but that's beside the point. She's horrified to discover Will is not just passing through her small town, he's her new neighbor. Will Darcy has all the money and time he could ask for, and yet life never seems to meet his expectations. When his best friend, Charlie, starts dating Jane Bennet, Will becomes their unhappy third-wheel. The solution? Bring along Jane's sister, Elsie, a girl who challenges him, makes him laugh, plagues his thoughts, and unfortunately, hates his guts. Will might control a lot of things, but he won't control her. Elsie's already been warned away by her new friend, Jeff Wickham, who found out the hard way that Will is not someone to be crossed. Things would be so much simpler if she was attracted to Jeff. But she's not. She's attracted to Will, and the tug-o-war between her mind and her heart is going to drive her mad.
