New communication technologies are being introduced at an astonishing rate. Making sense of these technologies is increasingly difficult. Communication Technology Update is the single best source for the latest developments, trends, and issues in communication technology. Now in its 10th edition, Communication Technology Update has become an indispensable information resource for business, government, and academia. As always, every chapter has been completely rewritten to reflect the latest developments and market statistics, and now covers mobile computing, digital photography, personal computers, digital television, and electronic games, in addition to the two dozen technologies explored in the previous edition. The book's companion website (www.tfi.com/ctu) offers updated information submitted by chapter authors and offers links to other Internet resources. *Provides students and professionals with the latest information in all areas of communication technologies *The book's companion website offers updated information to this text, plus links to related industry resources *New and rewritten chapters covering Telephony (with full coverage of VoIP); Podcasting and Internet Video Distribution; WiFi, Broadband, and Mobile computing; and coverage of other emerging technologies, as well as fully updated statistics for all technologies

Maximum PC is the magazine that every computer fanatic, PC gamer or content creator must read. Each and every issue is packed with punishing product reviews, insightful and innovative how-to stories and the illuminating technical articles that enthusiasts crave.

Provides lists of selling prices of items found on eBay in such categories as antiques, boats, books, cameras, coins, collectibles, dolls, DVDs, real estate, stamps, tickets, and video games.

Turn on your TV! This helpful resource helps you select the best TiVo service based on your needs, then shows you how to set up your TiVo, watch live television with your TiVo, record programs, hook TiVo up to your home network, remotely schedule programs to be recorded over the Internet, use multiple TiVos, and much more!
