After cleaning the filters and emptying the bag, run the vacuum cleaner again to see if the cable or plug gets hot again. If the either the cable or plug gets hot, it means that there is a loose connection between the vacuum cable and the mains.

If Your Vacuum Smells Burnt, Check These 3 Things ...

Although very few vacuum cleaners can actually be considered quiet when they are being used, there are certain loud noises that if emanating from a vacuum usually indicate there is some sort of problem. In many cases, simply being able to identify the loud noise will give you a good idea of what the problem is and how to correct it.
