Directed by Diarmuid Lawrence. With Kate Beckinsale, Bernard Hepton, Mark Strong, Samantha Bond. Faithful, enchanting adaptation of Jane Austen's nineteenth-century tale of Emma Woodhouse--a clever young woman whose mischievous matchmaking schemes nearly end up jeopardizing her own shot at romance.

Kate Beckinsale is great as the playful but misguided Emma, and though many reviews disagree, I found Mark Strong to be perfect as the stately character of Mr. Knightley. Frank Churchill is also very well portrayed; he manages to be very believable yet still show the character's overly-charming side, a difficult task.

Emma Kate » Web Dev Mentor for Designers

Kate Beckinsale portrays Emma as youthful and impetuous, delighting in making matches for her unattached women friends with mixed results. Mark Strong is a very severe Mr. Knightly, reminiscent of Collin Firth's Mr. Darcy. A standout among the supporting characters was Prunella Scales as the loquacious Miss Bates.

Emma Kate and her best friend, a toy elephant, share many activities, such as homework and soccer practice, and even have their tonsils out at the same time! Reprint.

Emma Kate is excited about Show and Tell Day. With so many toys and gadgets from her adventures, she's not sure what to bring. With a little help from her messy baby sister, Emma Kate discovers that often life's most special things are right in front of us.

“Masterly deftness, funny sentence by funny sentence...a moving and intricately braided story of two mothers.”—JONATHAN FRANZEN, *The Guardian* This “beguiling, addictive read” (*People*, *Book of the Week*) and *Belletrist Book Club* pick about a blue-blooded single mother raising her daughter in rarefied New York City is a “carefully observed family story [that] rings true to life” (*The New York Times Book Review*). Laura hails from the Upper East Side of Manhattan, born into old money, drifting aimlessly into her early thirties. One weekend in 1981 she meets a man. The two sleep together. He vanishes. And Laura realizes she’s pregnant. Enter: Emma. “Unputdownable” (*Library Journal*) and “wryly observed” (*Vogue*), *Laura & Emma* follows Laura as she raises Emma in New York City over the next fifteen years. With wit and compassion, Kate Greathead explores the many flaws and quirks that make us human. Laura’s story hosts a cast of effervescent and original characters, including her eccentric mother, who informs her society friends and Emma herself that she was fathered by a Swedish sperm donor; her brother, whose childhood stutter reappears in the presence of their forbidding father; an exceptionally kind male pediatrician; and her overbearing best friend, whose life has followed the Park Avenue script in every way except for childbearing. “Kate Greathead’s debut novel gamely takes on class conflict, single motherhood, and the discreet pretension of the 1980s Upper East Side” (*New York magazine*) and is a “layered story about mothers and daughters and identity” (*Entertainment Weekly*). Told in vignettes whose every “restrained and understated sentence has been polished to glittering brightness” (*Vox*), *Laura & Emma* is “an incisive comedy of manners about class divides and the ‘burdens’ of being born privileged” (*Esquire*) and “a thoughtful novel of trying to find oneself despite an assigned place in the world” (*Publishers Weekly*).

Emma Kate loves her sister, Emily. They have fun and enjoy tea parties together. When Emma Kate is invited to her friend's Dolly and Me tea party, she's told that little sisters aren't allowed. She doesn't want to hurt Emily's feelings, so how will she choose between her sister and her friends? This is a sweet story about sisterhood, friendship, and family.

Many know her from her role as Hermione from the Harry Potter film series. But Emma Watson has proven she has a lot to fight for in real life as well! She has led the way by becoming a UN ambassador and starting a campaign for gender equality. Through leveled text, a hometown map, a timeline, and more, discover how Emma Watson has become an inspiration for generations to come!

"A strong . . . new trilogy, invoking just a little Harry Potter and Series of Unfortunate Events along the way."—Realms of Fantasy Siblings Kate, Michael, and Emma have been in one orphanage after another for the last ten years, passed along like lost baggage. Yet these unwanted children are more remarkable than they could possibly imagine. Ripped from their parents as babies, they are being protected from a horrible evil of devastating power, an evil they know nothing about. Until now. Before long, Kate, Michael, and Emma are on a journey through time to dangerous and secret corners of the world . . . a journey of allies and enemies, of magic and mayhem. And—if an ancient prophesy is true—what they do can change history, and it's up to them to set things right. "A new Narnia for the tween set."—The New York Times "[A] fast-paced, fully imagined fantasy."—Publishers Weekly "Echoes of other popular fantasy series, from "Harry Potter" to the "Narnia" books, are easily found, but debut author Stephens has created a new and appealing read . . ."—School Library Journal, Starred Review

She was the most famous woman in England—the beautiful model for society painters Joshua Reynolds and George Romney, an icon of fashion, the wife of an ambassador, and the mistress of naval hero Horatio Nelson. But Emma Hamilton had been born to the poverty of a coal-mining town and spent her teenage years working as a prostitute. From the brothels of London to the glittering court of Naples and the pretentious country estate of the most powerful admiral in England, British debut historian Kate Williams captures the life of Emma Hamilton with all its glamour and heartbreak. In lucid, engaging prose, Williams brings to life a complex and intelligent woman. Emma is sensuous, generous, artistic, at once shamelessly seductive and recklessly ambitious. Willing to do anything for love and fame, she sets out to make herself a star—and she succeeds beyond even her wildest dreams. By the age of twenty-six, she leaves behind the precarious life of a courtesan to become Lady Hamilton, wife of Sir William Hamilton—the aging, besotted, and probably impotent British ambassador to the court of Naples. But everything changes when Lord Nelson steams into Naples harbor fresh from his triumph at the Battle of the Nile and literally falls into Emma's adoring arms. Their all-consuming romance—conducted amid the bloody tumult of the Napoleonic Wars—makes Emma an international celebrity, especially when she returns to England pregnant with Nelson's baby. With a novelist's flair and an historian's eye for detail, Williams conjures up the world that Emma Hamilton conquered by the sheer force of her charisma. All but inventing the art of publicity, Emma turned herself into a kind of flesh-and-blood goddess—celebrated by wits and artists, adored by thousands, and, for a time, very rich. Yet Emma was willing to throw it all away for the man she adored. After four years of archival research and making use of hundreds of previously undiscovered letters and documents, Kate Williams sets the record straight on one of the most fascinating and ravishing women in history. England's Mistress captures the relentless drive, the innovative style, and the burning passion of a true heroine.
