Personal Statement

What is an engineering personal statement? Your engineering personal statement should tell the university all about your strengths, skills, experience and ambitions. It should also convey your enthusiasm for engineering (either in general, or for a specific branch such as civil, aeronautical, etc.), and what aspects of the subject you enjoy and why.

Engineering Personal Statement. I have always had an interest in the way things work, and since I was young, science has been one of my favourite subjects. My interest in sciences, particularly physics, has developed throughout my time at school, and I enjoy the challenge of using scientific and mathematical ideas when solving everyday problems.

A Personal Statement of the subject of Chemical Engineering

Personal statement - Chemical Engineering is becoming ever more vital to the safeguarding of our future society in the wake of concerns regarding the finite nature of natural gas and the need to find, and make viable, renewable energy resources. As a keen Chemistry student, it was through discussing these issues with a family friend who currently works within the oil and gas industry, that I realised Chemical Engineering offered the most obvious platform through which I could combine my ...

Chemical Engineering Personal Statement

The personal statement is more like a genre than a rubric; there are set of constraints, but no formulas. This means that we need to triangulate our understanding of what it will be with more than one piece of advice rather than a single definition.
