Falling In Love Why We Choose The Lovers We Choose PDF

Falling in love is the development of strong feelings of attachment and love, usually towards another person. The term is metaphorical, emphasising that the process, like the physical act of falling, is sudden, uncontrollable and leaves the lover in a vulnerable state, similar to "fall ill" or "fall into a trap". It may also reflect the importance of the lower brain centers in the process, which can lead the rational, accounting brain to conclude that "this falling in love routine is very bizarr
