Heart & Soul founding editor Stephanie Stokes Oliver shows African American women how to soothe the soul, satisfy the mind, and revive the body 365 days a year. Written in an affirming style that is prescriptive but never preachy, fun but not frivolous, Daily Cornbread is a day-by-day compendium of Oliver's creative ideas for leading an enjoyable and fulfilling life. On January 2, for example, Oliver suggests taking time out to "get happy" (do something that makes you happy an hour a day); to schedule a personal retreat; and to develop a strategic plan for the upcoming year. Reminiscent of Sarah Ban Breathnach's Simple Abundance and Iyanla Vanzant's Acts of Faith: Daily Meditations for People of Color, but with a special emphasis on nurturing the body as well as the mind, Daily Cornbread shows African American women how to make each day better.

The key to preventing heart disease is embracing a heart-healthy lifestyle—and the sooner, the better. In this groundbreaking book, the American Heart Association shows you how even the smallest changes can make a big difference over time to protect the health of your heart. With specific pointers on diet, exercise, and health care, this book shows you how to get past the common obstacles as well as how to make taking care of your heart easy and attainable for the busy life you lead, at every age. In chapters targeted for every decade of a woman's life from her 20s to her 70s and beyond, the American Heart Association gives women age-appropriate advice on healthy lifestyle choices and heart-health care.
