"Shocking in its disclosures, elegantly crafted, and faultlessly measured in its judgments."-Roger Morris, author of Richard Milhous Nixon and Partners in Power How did the deeply flawed George W. Bush ascend to the highest office in the nation, what forces abetted his rise, and-perhaps most important-were those forces really vanquished by Obama's election? Award-winning investigative journalist Russ Baker gives us the answers in Family of Secrets, a compelling and startling new take on the Bush dynasty and the shadowy elite that has quietly steered the American republic for the past half century and more. Baker shows how this network of figures in intelligence, the military, oil, and finance enabled-and in turn benefited handsomely from-the Bushes' perch at the highest levels of government. As Baker reveals, this deeply entrenched elite remains in power regardless of who sits in the Oval Office. Family of Secrets offers countless disclosures that challenge the conventional

accounts of such central events as the JFK assassination and Watergate. It includes an inside account of George W.'s cynical religious conversion and the untold real background to the disastrous response to Hurricane Katrina. Baker's narrative is gripping, sobering, and deeply sourced. It will change the way we understand not just the Bush years, but a half century of postwar history-and the present.

Newsbreaking and controversial -- an award-winning investigative journalist uncovers the thirty-year relationship between the Bush family and the House of Saud and explains its impact on American foreign policy, business, and national security. House of Bush, House of Saud begins with a politically explosive question: How is it that two days after 9/11, when U.S. air traffic was tightly restricted, 140 Saudis, many immediate kin to Osama Bin Laden, were permitted to leave the country without being questioned by U.S. intelligence? The answer lies in a hidden relationship that began in the 1970s, when the oil-rich House of Saud began courting American politicians in a bid for military protection, influence, and investment opportunity. With the Bush family, the Saudis hit a gusher -- direct access to presidents Reagan, George H.W. Bush, and George W. Bush. To trace the amazing weave of Saud- Bush connections, Unger interviewed three former directors of the CIA, top Saudi and Israeli intelligence officials, and more than one hundred other sources. His access to major players is unparalleled and often exclusive -- including executives at the Carlyle Group, the giant investment firm where the House of Bush and the House of Saud each has a major stake. Like Bob Woodward's *The Veil*, Unger's *House of Bush, House of Saud* features unprecedented reportage; like Michael Moore's *Dude, Where's My Country?* Unger's book offers a political counter-narrative to official explanations; this deeply sourced account has already been cited by Senators Hillary Rodham Clinton and Charles Schumer, and sets 9/11, the two Gulf Wars, and the ongoing Middle East crisis in a new context: What really happened when America's most powerful political family became seduced by its Saudi counterparts?

"This book is very tough." - President Donald Trump
The Bush Crime Family smashes through the layers of lies and secrecy that have surrounded and protected our country's most successful political dynasty for nearly two centuries. New York Times bestselling author Roger Stone lashes out with a blistering indictment, exposing the true history and monumental hypocrisy of the Bushes. In Stone's usual "go for the jugular" style, this is a no-holds-barred history of the Bush family, comprised of smug, entitled autocrats who both use and hide behind their famous name. They got a long-overdue taste of defeat and public humiliation when Jeb's 2016 presidential bid went down in flames. Besides detailing the vast litany of Jeb's misdeeds -- including receiving a \$4 million taxpayer bailout when his father was vice president as well as his startlingly-close alignment with supposed "enemy" Hillary Clinton -- Stone travels back to Bush patriarchs Samuel and Prescott, right on through to presidents George H. W. and George W. Bush to weave an epic story of privilege, greed, corruption, drug profiteering, assassination, and lies. A new preface to this paperback edition features explosive information, including the family's Machiavellian plan to propel Jeb's son George Prescott Bush forward as the family's next political contender. The Bush Crime Family will have readers asking, "Why aren't these people in prison?"

"To begin with I was in love and I am in love so that's not hard," Barbara Bush told her granddaughter Ellie LeBlond Sosa on her porch in Kennebunkport, Maine. Sosa had asked for the secret to her and President George H.W. Bush's 77-year love affair that withstood World War II separation, a leap of faith into the oil fields of West Texas, the painful loss of a child, a political climb to the highest office, and after the White House, the transition back to a "normal" life. Through a lifetime's worth of letters, photographs, and stories, Sosa and coauthor Kelly Anne Chase paint the portrait of the enduring relationship of George and Barbara Bush. Sharing intimate interviews with the Bushes and family friends, this is a never-before-seen look into the private life of a very public couple.

"Updated with new letters and photos"--Dust jacket.

Presents a portrait of the Bush political dynasty and their influence on twentieth- and twenty-first century America, from Connecticut senator Prescott Bush, through his grandson, George W., the forty-third president of the United States.

Perhaps the most shocking book written this century about treason committed by the highest leaders within the US government. This disturbing and thought-provoking expose is written by Brigadier General Russell S Bowen who has courageously come forward with the truth about his association with the OSS (Office of Security Services) and his 'drug running' activities on behalf of the 'secret' government which involves the highest US 'leaders' and which few Americans know anything about. The most startling details are revealed regarding Bowen's clandestine work including his work under the orders of George Bush.

Argues that the Mafia, the CIA, President Bush, and other politicians, both Democrats and Republicans were involved in the savings and loan scandal
