JY: And yet, the name of the book is, "Fearless - Diary of a Badass Reporter." And at various times throughout the book, you talk about how fear got into your head despite this demeanor. Here's this gladiator and she's not gonna take any crap but "Fearless" is moving past that. So that would be taking it to the next step.

Lieutenant Alexander Pfeifer was with the Kurhessische Jäger-Bataillon Nr. 11 and found the diary of a Nepali soldier in La Bassée on 20 December 1914 after a fierce battle against Allied forces of the British and French Armies. The battle had lasted from 12 October till the end of December.

This is an incredible true story of two 18 year olds at war. The words are direct from my diary which I wrote in almost daily whilst at war, telling an emotionally charged and brutally honest view of an 18 year old in conflict, expressing fear, excitement and terror. It leads into my decline from a local hero to embarrassment as I quickly sank into the dark space of PTSD, anxiety and depression and how it affected me and my family.I was born in December 1963 and HMS Fearless was launched in December 1963. She became the ship in which I first went to war in 1982 as a young Royal Navy Communicator. Our lives were linked inexplicably up to and including 1982. Having both been 'born' in the same month and year, I was in Aden during the Aden Insurgency as a child in 1967 where my father was serving in the Royal Artillery. There Fearless carried out her first operational role evacuating troops off the coast of Aden. Becoming my first ship in the Royal Navy in 1981, we sailed to war together in 1982. From that intense experience she brought me safely (physically not mentally) back home.I am now a Hypnotherapist, Life Coach and Public Speaker putting my negative experiences into a positive outcome to support myself and others to transform their lives.

"Fearless" is the narrative of a most uncommon and astonishing life-- where even as a teenager Julie Blacklow displayed qualities that marked her as a natural for reporting. Courage, tenacity, and a willingness to get in anyone's face if it served her mission to help people were in her DNA. Her intolerance of injustice made her especially popular--or unpopular--depending on which side of the fence you sat. Among the first women in television news in America, at KING-TV in Seattle, after more than 40 years she changed careers and returned to what she loved most as a child-- horses, becoming manager of a horse ranch. She has survived a dramatic television career, cancer, and dozens of extreme highs and lows and tells us about all of it in her unforgettable memoir.--Publisher.

Be Fearless is researched-based call to action for those seeking to live extraordinary lives and bring about transformational change. LOS ANGELES TIMES BESTSELLER * NATIONAL BESTSELLER Weaving together storytelling, practical tips and inspiration, the book will teach you how to put the five fearless principles to work so that you too can spark the sorts of remarkable breakthroughs that can impact the world. Philanthropist, investor, and technology pioneer Jean Case brings to life the five Be Fearless principles common to the people and organizations that bring about transformational change. When National Geographic Chairman Jean Case set out to investigate the core qualities of great change makers, past and present, from inventors to revolutionaries, she found five surprising traits they all had in common. These weren't wealth, privilege, or even genius. What all of these exceptional men and women shared was that they had chosen to make a "big bet," take bold risks, learn from their failures, reach beyond their bubbles, and let urgency conquer fear. Throughout Be Fearless, Jean vividly illustrates these principles through storytelling--from her own transformational life experiences, to Jane Goodall's remarkable breakthroughs in understanding and

protecting chimpanzees, to celebrity chef José Andrés' decision to be a "first responder" and take his kitchen to the sites of devastating hurricanes to feed the hungry, to Madame C.J. Walker's vision to build a hair care empire that would employ thousands across the country, and more. She shares new insights to stories you might think you know—like Airbnb's tale of starting from scratch to transform the hospitality industry, to John F. Kennedy's history-making moonshot—and gems from changemakers you've never heard of. Be Fearless features a compelling foreword from Jane Goodall saying "there is no time in history when it has been more important to Be Fearless" and a new afterword with stories of people inspired to take action after reading the book.
