Transgender Brow Lift Frequently considered one of the most effective feminization procedures for the upper face, a brow lift moves the eyebrows to a higher, more feminine-looking position on the forehead. The procedure is performed by minimally invasive approach through small hidden incisions inside the hairy scalp.

This is where feminization techniques come into play. In order to feminize yourself, you have to change the outside as the inside is already there. There are many ways that a crossdresser can go about feminization. As mentioned above, clothing is a popular first step. Many men begin with female undergarments and lingerie for the most part.

Great post Alexa! I agree that feminization isn't necessary, I'd had relationships with submissive men before, but Stephie is the first one I tried to feminize. After reading more and more about it changing the subs demeanor, obedience I thought I'd give it a try, demand it! Playfully at first but then strictly.

Overview Voice feminizing therapy involves treatments to help transgender women (male to female) adapt their voices, resulting in communication patterns that match their gender identity. Treatments can help you change vocal characteristics, such as pitch and intonation, and nonverbal communication patterns, such as gestures and facial expressions.

Feminizing Corsets for Cross-Dressers & AMAB Trans Women. There many people who were assigned male at birth who are looking to feminize their figures as adults. Some cross-dressers, gender-fluid individuals and MTF (AMAB) women will sometimes run into fitting issues while using conventional standard sized corsets - the main complaints being that a standard-sized corset may feel too tight/ small on the ribcage, the waist tape of the corset may sit too high on the wearer, and the hips may ...
