It seems like it's really more of a basic instructional guide for an overhaul and assumes you also have a service manual for a car that has the engine you are rebuilding. I'm putting a 302 in my '54 Ford, and was really hoping this would not only serve as a manual for parts replacement, but also as a technical resource for things like fluid ...

The Ford Boss 302 is a high-performance "small block" 302 cu in (4.9 L) V8 engine manufactured by Ford Motor Company. The original version of this engine was used in the 1969 and 1970 Boss 302 Mustangs and Cougar Eliminator and was constructed by attaching heads designed for the planned 351 Cleveland (which debuted the following year) to a Ford small block.

~~Ford Boss 302 engine - Wikipedia~~

A lot of Ford engines look very similar. Some parts are even interchangeable between engine families. This can lead to confusion and buying the wrong parts. However, it's easy to tell the difference between

them. You don't even need to look for casting numbers! You just need to look at the top, front of the engine.
