Erika ja Leora is a powder mage in northern Kez, a place where that particular sorcery is punishable by death. She is only protected by her family name and her position as heir to a duchy. When she decides to help a young commoner—a powder mage marked for death, fugitive from the law—she puts her life and family reputation at risk and sets off to deliver her new ward to the safety of Adro while playing cat and mouse with the king's own mage hunters and their captain, Duke Nikslaus.

Crown Murder at the Kinnen Hotel Ghosts of the Tristan Basin.

Captain Tamas is an ambitious young officer in the Adran army. As a commoner, he is one of very few without noble blood to hold a rank. When he challenges the son of a duke over an insult, the subsequent duel lands him in hot water with the nobility and the royal cabal of Privileged sorcerers. Tamas is soon drawn into a conflict that goes to the very highest office in the land, and his only ally is the most unlikely of people; a young noblewoman named Erika, who needs Tamas to teach her how to wield her powers as a powder mage.

IN A RICH, DISTINCTIVE WORLD THAT MIXES MAGIC WITH TECHNOLOGY, WHO COULD STAND AGAINST MAGES THAT CONTROL GUNPOWDER AND BULLETS? The capital has fallen... Field Marshal Tamas returns to his beloved country to find that for the first time in history, the capital city of Adro lies in the hands of a foreign invader. His son is missing, his allies are indistinguishable from his foes, and reinforcements are several weeks away. An army divided... With the Kez still bearing down upon them and without clear leadership, the Adran army has turned against itself. Inspector Adamat is drawn into the very heart of this new mutiny with promises of finding his kidnapped son. All hope rests with one... And Taniel Two-shot, hunted by men he once thought his friends, must safeguard the only chance Adro has of getting through this war without being destroyed... THE AUTUMN REPUBLIC is the epic conclusion that began with Promise of Blood and The Crimson Campaign.

with the ancient forces that have begun to stir as fortune seekers and sorcerers flock to the frontier. Set in of Brian McClellan's Powder Mage trilogy. A world on the cusp of a new age... The young nation of Fatrasta is a turbulent place -- a frontier destination for criminals, fortune-hunters, brave settlers, and sorcerers seeking relics of the past. Only the iron will of the lady chancellor and her secret police holds the capital city of Landfall together against the unrest of an oppressed population and the machinations of powerful empires. Sedition is a dangerous word... The insurrection that threatens Landfall must be purged with guile and force, a task which falls on the shoulders of a spy named Michel Bravis, convicted war hero Mad Ben Styke, and Lady Vlora Flint, a mercenary general with a past as turbulent as Landfall's present. The past haunts us all... As loyalties are tested, revealed, and destroyed, a grim specter as old as time has been unearthed in this wild land, and the people of Landfall will soon discover that rebellion is the least of their worries. The Age of Kings is dead . . . and I have killed it. It's a bloody business overthrowing a king... Field Marshal Tamas' coup against his king sent corrupt aristocrats to the guillotine and brought bread to the starving. But it also provoked war with the Nine Nations, internal attacks by royalist fanatics, and the greedy to scramble for money and power by Tamas's supposed allies: the Church, workers unions, and mercenary

forces. It's up to a few... Stretched to his limit, Tamas is relying heavily on his few remaining powder mages, including the embittered Taniel, a brilliant marksman who also happens to be his estranged son, and Adamat, a retired police inspector whose loyalty is being tested by blackmail. But when gods are involved... Now, as attacks batter them from within and without, the credulous are whispering about omens of death and destruction. Just old peasant legends about the gods waking to walk the earth. No modern educated man believes that sort of thing. But they should... In a rich, distinctive world that mixes magic with technology, who could stand against mages that control gunpowder and bullets? PROMISE OF BLOOD is the start of a new epic fantasy series from Brian McClellan. Winner of the David Gemmell Morningstar Award for Best Debut Fantasy.

As war rages, both sides are in a race to find the one thing that could turn the tides to their favor--a stone with the power to turn humans into gods--in this epic fantasy tale of magic and gunpowder by acclaimed author Brian McClellan. The country is in turmoil. With the capital city occupied, half a million refugees are on the march, looking for safety on the frontier, accompanied by Lady Flint's soldiers. But escaping war is never easy, and soon the battle may find them, whether they are prepared or not. Back in the capital, Michel Bravis smuggles even more refugees out of the city. But internal forces are working against him. With enemies on all sides, Michel may be forced to find help with the very occupiers he's trying to undermine. Meanwhile, Ben Styke is building his own army. He and his mad lancers are gathering every able body they can find and searching for an ancient artifact that may have the power to turn the tides of war in their favor. But what they find may not be what they're looking for. Continue the pistol-packing fantasy series by the author

Taniel Two-Shot is a powder mage with the Tristan Ghost Irregulars, a band of volunteers who have made a name for themselves fighting in the Fatrastan Revolution. They range through the swamps of the frontier, cutting off enemy supplies and raiding towns while Taniel hunts the Privileged sorcerers that make the Kez armies so powerful. When a desperate call for help comes from the nearby city of Planth, the Irregulars aren't the only ones to answer and Taniel must deal with another hero of the revolution: Mad Colonel Styke. But not all is well within the young Fatrastan government, and more hangs on the defense of Planth than Taniel and his companions could possibly know.

In the colonial cities and towns of Fatrasta, peace has never been easy. Immigrants fight amongst themselves or turn on the native population, while the governing power of the Kez Army steps in only to enforce the will of apathetic local governors assigned by a distant crown. Young war hero Ben Styke commands a colonial garrison in a sleepy frontier suburb. When the governor's cruel brother stops for the night, rising continental tensions force Styke to protect the people of his town in a brutal escalation that threatens to destroy everything—and everyone—he has fought for. Occurs twelve years before the events in Sins of Empire.
