IT service management (ITSM)  
is a concept that enables an  
organization to maximize

# Online Library Foundations Of It Service Management

business value from the use  
of information technology.  
ITSM positions IT services  
as the key means of  
delivering and obtaining  
value, where an internal or  
external IT service provider  
works with business

# Online Library Foundations Of It Service Management

customers, at the same time  
taking responsibility for  
the associated costs and  
risks.
