The delightful New York Times bestselling author returns with a hilarious novel about one woman's quest to redo an old house . . . and her life. After her boss in a high-powered Washington public relations firm is caught in a political scandal, fledgling lobbyist Dempsey Jo Killebrew is left almost broke, unemployed, and homeless. Out of options, she reluctantly accepts her father's offer to help refurbish Birdsong, the old family place he recently inherited in Guthrie, Georgia. All it will take, he tells her, is a little paint and some TLC to turn the fading Victorian mansion into a real-estate cash cow. But, oh, is Dempsey in for a surprise when she arrives in Guthrie. "Bird Droppings" would more aptly describe the moldering Pepto Bismol-pink dump with duct-taped windows and a driveway full of junk. There's also a murderously grumpy old lady, one of Dempsey's distant relations, who has claimed squatter's rights and isn't moving out. Ever. Furthermore, everyone in Guthrie seems to know Dempsey's business, from a smooth-talking real-estate agent to a cute lawyer who owns the local newspaper. It wouldn't be so bad if it weren't for the pesky FBI agents who show up on Dempsey's doorstep, hoping to pry information about her ex-boss from her. All Dempsey can do is roll up her sleeves and get to work. And before long, what started as a job of necessity somehow becomes a labor of love and, ultimately, a journey that takes her to a place she never expected—back home again.

First published in 1926, The Torrents of Spring is a hilarious parody of the Chicago school of literature. Poking fun at that "great race" of writers, it depicts a vogue that Hemingway himself refused to follow. In style and substance, The Torrents of Spring is a burlesque of Sherwood Anderson's Dark Laughter, but in the course of the narrative, other literary tendencies associated with American and British writers akin to Anderson—such as D. H. Lawrence, James Joyce, and John Dos Passos—come in

#1 New York Times Bestseller Oprah's Book Club Selection The "extraordinary . . . monumental masterpiece" (Booklist) that changed the course of Ken Follett's already phenomenal career--and begins where its prequel, *The Evening and the Morning*, ended. "Follett risks all and comes out a clear winner," extolled Publishers Weekly on the release of *The Pillars of the Earth*. A departure for the bestselling thriller writer, the historical epic stunned readers and critics alike with its ambitious scope and gripping humanity. Today, it stands as a testament to Follett's unassailable command of the written word and to his universal appeal. *The Pillars of the Earth* tells the story of Philip, prior of Kingsbridge, a devout and resourceful monk driven to build the greatest Gothic cathedral the world has known . . . of Tom, the mason who becomes his architect--a man divided in his soul . . . of the beautiful, elusive Lady Aliena, haunted by a secret shame . . . and of a struggle between good and evil that will turn church against state and brother against brother. A spellbinding epic tale of ambition, anarchy, and absolute power set against the sprawling medieval canvas of twelfth-century England, this is Ken Follett's historical masterpiece.

From the New York Times bestselling author of *Start With Why* and *Leaders Eat Last*, a bold framework for leadership in today's ever-changing world. How do we win a game that has no end? Finite games, like football or chess, have known players, fixed rules and a clear endpoint. The winners and losers are easily identified. Infinite games, games with no finish line, like business or politics, or life itself, have players who come and go. The rules of an infinite game are changeable while infinite games have no defined endpoint. There are no winners or losers--only ahead and behind. The question is, how do we play to succeed in the game we're in? In this revelatory new book, Simon Sinek offers a framework for leading with an infinite mindset. On one hand, none of us can resist the fleeting thrills of a promotion earned or a tournament won, yet these rewards fade quickly. In pursuit of a Just Cause, we will commit to a vision of a future world so appealing that we will build it week after week, month after month, year after year. Although we do not know the exact form this world will take, working toward it gives our work and our life meaning. Leaders who embrace an infinite mindset build stronger, more innovative, more inspiring organizations. Ultimately, they are the ones who lead us into the future.
