Geography, in simple terms, is the "study of the world, both near and far" (Bonnett, 2008, p. 1). For the greater part of the human history, the term "geographical knowledge" was coined to define the survival of the human population on the local level. Knowledge regarding the local landscape meant the difference between life and death.

Geography Research Paper Topics - a Wide Range of Ideas. When we approach such field as geography, like with many other subjects, it may be a bit difficult to identify a specific area to research - especially considering the vastness of some fields. Unless prior direction from an instructor is given or an assignment detail, the first major issue you want to tackle is what type of geography you'd like to explore, and what geography paper topics
