DIVPhotographer and conservationist Bryant Austin's breathtaking photographic project Beautiful Whale is the first of its kind. It chronicles his fearless attempts to reach out to whales as fellow sentient beings. Featuring Austin's intimate images—some as detailed as a single haunting eye—that result from encounters based on mutual trust. Beautiful Whale captures the grace and intelligence of these magnificent creatures. Austin spent days at a time submerged, motionless, in the waters of remote spawning grounds waiting for humpback, sperm, and minke whales to seek him out. As oceanographer Sylvia A. Earle says in her foreword to the book, "As an ambassador from the ocean—and to the ocean—Bryant Austin is not only a source of inspiration. He is cause for hope! Praise for Beautiful Whale: "You can't help thinking, with every passing page, that this is what's it's like to swim with the whales.?" —The Wall Street Journal /div

The comic book universe is adventurous, mystifying, and filled with heroes, villains, and cosplaying Comic-Con attendees. This book by one of Wired magazine's art directors traverses the graphic world through a collection of pie charts, bar graphs, timelines, scatter plots, and more. Super Graphic offers readers a unique look at the intricate and sometimes contradictory storylines that weave their way through comic books, and shares advice for navigating the pages of some of the most popular, longest-running, and best-loved comics and graphic novels out there. From a colorful breakdown of the DC Comics reader demographic to a witty Venn diagram of superhero comic tropes and a Chris Ware sadness scale, this book charts the most arbitrary and monumental characters, moments, and equipment of the wide world of comics. Plus, this is the fixed format version, which includes high-resolution images.

Named one of the best books of the year by NPR, Fortune, Bloomberg, Sunday Times A New York Times Book Review Editor's Choice "If you want to understand modern-day Silicon Valley, you need to read this book." —John Carreyrou, New York Times best-selling author of Bad Blood Hailed as the definitive book on Uber and Silicon Valley, Super Pumped is an epic story of ambition and deception, obscene wealth, and bad behavior that explores how blistering technological and financial innovation culminated in one of the most catastrophic twelve-month periods in American corporate history. Backed by billions in venture capital dollars and led by a brash and ambitious founder, Uber promised to revolutionize the way we move people and goods through the world. What followed would become a corporate cautionary tale about the perils of startup culture and a vivid example of how blind worship of startup founders can go wildly wrong.

This book is to arm you, the consumer, with information you need so that you are in control of the timeshare presentation and so that you know what questions to ask, the real reasons you should buy, the real reasons you shouldn't buy and what to look for.

Designed to the specifications of George Washington and occupied by every U.S. President since John Adams in 1800, the White House is one of the world's most iconic buildings and a place where history is made, literally, every day. From its opulent furnishings to its working offices, hidden spaces to public gardens and state rooms, and a stunning 3D map of the entire interior, The White House Atlas opens the doors to more than 200 years worth of fascinating stories and memorable photographs that celebrate the ultimate symbol of America's pride, progress and power.

An abomination, long thought buried, has resurfaced in a war-torn land. But now it wears an American flag. Faced with another nightmare reborn, Captain America will not stand for yet more death at the hands of a ghost from his past. Haunted by his greatest shame, Thor must renew the hunt for a familiar beast. At their side, an assemblage of allies united to end the threats no one of them could face alone. They are soldiers. Warriors. Comrades-in-arms. Mighty heroes led by a living legend, stronger together than apart. They are the Avengers.
