Living with their mother who earns money as a prostitute, two sisters take care of each other and when the older one attempts suicide, the younger one tries to uncover the reason.

For as long as she can remember, Sarah's family life has revolved around her twin sister, Annie—the pretty one, the social one, the girl who can do anything. The person everyone seems to wish Sarah—with her crippling shyness—could simply become. When Annie suddenly chops off her hair, quits beauty pageants, and gains weight, the focus changes—Annie is still the star of the family, but for all the wrong reasons. Sarah knows something has happened, but she too is caught in her own spiral after her boyfriend breaks up with her and starts hanging out with one of Annie's old friends. Annie is intent on keeping her painful secret safe. But when she and Sarah start spending time together again for the first time in years, walls start to break on both sides ... and words that had been left unsaid could change everything.

Do twins begin in the womb? Or in a better place? Kaeleigh and Raeanne are identical down to the dimple. As daughters of a district-court judge father and a politician mother, they are an all-American family -- on the surface. Behind the facade each sister has her own dark secret, and that's where their differences begin. For Kaeleigh, she's the misplaced focus of Daddy's love, intended for a mother whose presence on the campaign trail means absence at home. All that Raeanne sees is Daddy playing a game of favorites -- and she is losing. If she has to lose, she will do it on her own terms, so she chooses drugs, alcohol, and sex. Secrets like the ones the twins are harboring are not meant to be kept -- from each other or anyone else. Pretty soon it's obvious that neither sister can handle it alone, and one sister must step up to save the other, but the question is -- who?

For the teens at The Haven, the outside world, just beyond the towering stone wall that surrounds the premises, is a dangerous unknown. It has always been this way, ever since the hospital was established in the year 2020. But The Haven is more than just a hospital; it is their home. It is all they know. Everything is strictly monitored: education, exercise, food, and rest. The rules must be followed to keep the children healthy, to help control the Disease that has cast them as Terminals, the Disease that claims limbs and lungs—and memories. But Shiloh is different; she remembers everything. Gideon is different, too. He dreams of a cure, of rebellion against the status quo. What if everything they've been told is a lie? What if The Haven is not the safe place it claims to be? And what will happen if Shiloh starts asking dangerous questions? Powerful and emotional, The Haven takes us inside a treacherous world in which nothing is as it seems. "Imagine Anna Quindlen or Sue Miller turning her attention to writing a young adult novel, and you have an idea of what Carol Lynch Williams has done for early teen readers." (Audrey Coulombis, author of the Newbery Honor Book *Getting Near to Baby*)

Thirteen-year-old Kyra has grown up in an isolated community without questioning the fact that her father has three wives and she has twenty brothers and sisters. That is, without questioning them much - if you don't count her secret visits to the Mobile Library on Wheels to read forbidden books, or her meetings with Joshua, the boy she hopes to choose for herself instead of having a man chosen for her. But when the Prophet decrees that she must marry her sixty-year-old uncle - who already has six wives - Kyra must make a desperate choice in the face of violence and her own fears of losing her family forever.

Messenger knows that her family is different from other families. But it isn't until her fifteenth birthday that the Messenger gift is revealed to her. Evie has the family's gift—a special power. Soon she realizes she is able to see and talk to the dead—ghosts—often with no idea who the person was. Or as Evie says: “I see Dead People. It's a Messenger gift.” That doesn't necessarily mean she wants the Messenger gift. So Evie tries to ignore it but soon she finds she cannot. Can Evie find a way to live her life without letting her power take over? And what if the dead person is someone close to Evie's family?

"Imagine Anna Quindlen or Sue Miller turning her attention to writing a young adult novel, and you have an idea what [Williams] has done for early teen readers..." --Audrey Coulombis, author of the Newbery Honor Book *Getting Close to Baby* Thirteen-year-old Lacey wakes to a beautiful summer morning excited to begin her new job at the library, just as her mother is supposed to start work at the grocery store. Lacey hopes that her mother's ghosts have finally been laid to rest; after all, she seems so much better these days, and they really do need the money. But as the hours tick by and memories come flooding back, a day full of hope spins terrifyingly out of control.... "No one can get inside the head and heart of a 13-year-old girl better than Carol Lynch Williams, and I mean no one," said James S. Jacobs, Professor of Children's Literature at Brigham Young University, of her breakout novel, *The Chosen One*. Now this award-winning YA author brings us an equally gripping story of a girl who loves her mother, but must face the truth of what life with that mother means for both of them.

In trying to reunite with her mother, Winston discovers the many meanings of family and finds friendship in an unexpected place in this “warm, humorous, and poignant story” (Publishers Weekly) from the author of *Waiting*, which Kirkus Reviews, in a starred review, called “exceptional” and *Glimpse*, which Booklist called “gripping.” Life is just fine for fourteen-year-old Winston. She loves her dog, Thelma, and although she never knew her dad, and her mom left ten years ago in search of Hollywood fame, Winston has family with Nanny, who isn't old at all! But a “just fine” life gets a lot more exciting when a letter arrives from Skye Harper, aka Judith Fletcher, aka Winston's mother. She needs help, and Nanny says the best way to give it is to take a cross-country road trip—in a “borrowed” motor home—to go find Mama once and for all. Winston's not so sure about this plan, but with a cute stowaway named Steve along for company and an adventure on the horizon, this is sure to be a summer to remember.

After her brother's death, a teen struggles to rediscover love and find redemption in this “stunningly powerful free-verse story” (VOYA). Growing up, London and Zach were as close as could be. And then Zach dies, and the family is gutted. London's father is distant. Her mother won't speak. The days are filled with what-ifs and whispers: Was it London's fault? Alone and adrift, London finds herself torn between her brother's best friend and the handsome new boy in town as she struggles to find herself—and ultimately redemption—in this authentic and affecting novel from award-winning novelist Carol Lynch Williams.
